1 Preliminary Remarks & Reading Aid

In this codebook all 8 data files from the NEPScomp (Version 2.0.0, Onsite; doi:10.5157/NEPScomp:SUF:2.0.0) **of Starting Cohort 1** with a total of 4865 variables are documented. Each chapter starts with an overwiew of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter ▹
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «…»
7. table with frequencies
    a) column 1: value label
    b) column 2: value
    c) column 3: absolute frequencies (#)
    d) column 4-…: absolute frequencies by wave (if possible)
    e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

Now we will address everyday behavior or activities of <name of the target child>. Do not bother to think about this if you have not yet observed the asked after things in <name of the target child>. Children develop very differently during the first years. Thus, children are not always immediately successful, e.g. when they want to get a toy or when putting on a new piece of clothing. If <name of the target child> doesn't succeed right away, does she try more than two different approaches to reach her goal?

pa08010 child's average amount of time of sitting on the lap

I will now ask you a few questions which are very important in terms of evaluating the games we've just performed. Measured on a normal day: How long does <name of the target child> sit on !!your!! lap? «Read the options aloud. Please address this question to the person who had the child sitting on their lap during 'Looking at pictures'. If 'Playing with mother' was performed, then address this question to the mother/person who was questioned in the interview. It doesn't matter whether the child is being held or is sitting freely.»

pb01010 Competence assessment Social skills

Now it is about your assessments of <name of target child>. How do you rate the following abilities and skills of <name of target child>? Compare <name of target child> with other children of the same age. Social skills e.g. sharing with others, following rules. Is <name of target child> much worse than, slightly worse than, just as good as, slightly better than or much better than other children of the same age? «Read the options aloud only if necessary. In case of problems with the classification: 'This is about the overall picture of your child. Please try to assess your child in general in comparison to other children of the same age.'»

p190201 Special educational diagnosis

Does your child !!currently!! have special educational needs? This means that an expert opinion has been created by a special needs teacher or another specialist, e.g. a psychologist or a physician, about your child's learning abilities. «In case of comprehension questions: Special needs teachers are teachers who have been trained to provide special support to students with problems with learning, vision, hearing, behavior, speech, or physical handicaps. In case of further questions: dyscalculia, dyslexia and intellectual giftedness are not special educational needs. If an expert opinion was issued a long time ago and is still valid, your child has special educational needs.»

What is your highest general school-leaving qualification? «Read specifications aloud only if necessary, have them assigned. If Fachabitur is specified: 'Was this qualification acquired for admission to a course of study at a university of applied sciences or a university?' In case of university of applied sciences, assign to category 4, in case of university, assign to category 5. For degrees acquired abroad: 'What would this degree approximately correspond to in Germany?'»

p731852_g1 Highest educational qualification partner (ISCED)

What is your partner's highest general school-leaving qualification? «Read the options aloud only if necessary, have them assigned. If Fachabitur is specified, please ask: 'Did this qualify you for admission to a course of study at a university of applied sciences or at a university?' If university of applied sciences, assign to category 4; if university, assign to category 5. In case of qualifications obtained abroad, have them categorized: 'What would have been the approximate equivalent of this qualification in Germany?'»

Then we haven't recorded that correctly. Please tell me, what is your current occupation? ««Ask for exact job title or position. Please e.g. not 'mechanic', but 'car mechanic'; not 'teacher', but 'Gymnasium teacher for history'. If it is temporary work, ask about the predominant occupation at the same temporary employment agency: 'What occupation did you predominantly have at the temporary employment agency? If someone has more than one job, indicate the job with the higher number of hours, if the number of hours is the same, refer the questions to the job with the higher income.»»

Then we haven't recorded that correctly. Please tell me what his current job is. «Ask for exact job title or position. Please e.g. not 'mechanic', but 'car mechanic'; not 'teacher', but 'Gymnasium teacher for history'. If it is temporary work, ask about the predominant occupation at the same temporary employment agency: 'What occupation did he/she predominantly have at the temporary employment agency? If someone has more than one job, indicate the job with the higher number of hours, if the number of hours is the same, refer the questions to the job with the higher income.»

pa04020 Respondent: Parental leave so far (yes/no)

Parental leave refers to the period following the birth of the child in which mothers and fathers can choose to look after their child themselves and still maintain contact with their work. Only those mothers and fathers that were in an employment relationship at the time the child was born are entitled to take parental leave. Have you taken parental leave for <name of the target child> since <0190P10/0190P8>? «If there are any questions about the employment relationship: 'Parental leave can be taken in any employment relationship, including fixed-term contracts, part-time contracts and marginal part-time employment. Apprentices, people retraining for different professions, employed people taking further professional training and people that work from home can also apply for parental leave.' The maternity protection period is not part of parental leave, but will be taken into account for the possible total duration of the parental leave. The father's parental leave can already start during the maternal protection period from the moment the child is born. During the parental leave, mothers and fathers can either be completely released from work or work a maximum of 30 hours per week. Self-employeds and unemployed persons are not entitled to parental leave.»

p20141h Duration (average hours) use of digital media once a week

Approximately how long does <name of target child> use this device(s) on a typical day in a week? If <name of target child> uses multiple devices, please add up the times of use. «If the respondent answers 'not at all', please enter 0 hours - 0 minutes. If the respondent does not specify a concrete duration or if there is any uncertainty, ask to specify it in hours or minutes if possible. For simple from-to statements (e.g. 'one to two hours'), please enter the average value (here: 1 hour 30 minutes) without asking! If the respondent has problems indicating the duration for a typical day, please answer: 'We understand that it is difficult to give an indication of the daily duration, please try to estimate an average time for a typical day'.»

p20142h Duration (average hours) use of digital media Weekday

Approximately, how long does <name of target child> use this device(s) on a typical weekday from monday to friday? If <name of target child> uses multiple devices, please add up the usage times. «If the respondent answers 'not at all', please enter 0 hours - 0 minutes. If the respondent does not specify a concrete duration or if there is any uncertainty, ask to specify the duration of use in hours or minutes if possible. For simple from-to statements (e.g. 'one to two hours'), please enter the average value (here: 1 hour 30 minutes) without asking! If the respondent is confused as to why only weekdays are being asked about, answer that the next question is about weekends only. If the respondent has problems indicating the duration for a typical day, please answer: 'We can understand that it is difficult to give an indication of the daily duration, please try to estimate an average value for a typical day'.»

p34009q Participation in high culture: bike trip

[NCS] now, we would like to ask you some questions about how you or somebody else spend(s) time with <name of the target child>. We do !!not!! mean activities in a daycare center or a kindergarten. In the last 12 months, how often did you of somebody else have(has) done the following things with <name of the target child> … … made a bike trip? ««Read the answer categories aloud. If anything is unclear: 'By ‚somebody else' we mean you partner or someone from your acquaintances, friends or relatives.'»»

p67800a Parenting goal: status - respect and popularity

Now I have some questions about your parenting goals. What values would you like <name of the target child> to learn and what is less important to you? Please answer on a scale from 0 to 10. '0' means that this goal is 'absolutely !!un!!important' to you; '10' means that this goal is 'absolutely important' to you. You can use the numbers in between to indicate the degree of importance. And how important is it for you that <target child's name> is respected by others and is very popular?

p201400 Use of digital media Frequency

The following is about <name of target child>'s use of digital media. Please indicate how often <name of target child> usually uses devices such as computers, laptops, tablets, smartphones, or game consoles by himself/herself. «Please read the options aloud. If the respondent asks what 'game consoles' are, answer: Game consoles are, for example, Nintendo®, PlayStation® or Xbox®. If the respondent answers for each of the mentioned devices, say that it is about the general use of such devices, not about each one individually. If the respondent wants to know whether television is also one of the mentioned media, answer that normal television devices do not count, but computers, laptops, tablets or smartphones, on which movies or television can also be watched, do.»

p281388 Activities outside the home (child): theater or children's concert

Now let's move on to things that <name of target child> does outside of her home. We are interested in how often <name of target child> does that. «« Read aloud if necessary: 'It doesn't matter whether the child does these things alone or with others. Other people can be other children and young people as well as adults.' Read options aloud only if necessary. If a spontaneous answer is given that can be clearly assigned to the answer categories (e.g., three times a week = category 1 several times a week), please assign and do not ask again or read aloud all categories. Only in case of questions. In case of questions and uncertainties due to the current Corona situation, please read aloud: 'If your child is currently less likely to do this activity or these activities than usually due to the Corona pandemic, please answer the questions for !!the past 12 months!!.'»»

p281821 Domestic activities of the child: science etc.

[NCS] In general, how often is <name of target child> engaged in the following activities or materials? Science (e.g., experimenting, studying plants, the environment, the universe). «Read aloud if necessary: 'It doesn't matter whether the child does these things alone or with others. Other people can be other children and adolescents as well as adults.' If it is clear which answer category is meant, it is not necessary for the respondent to repeat it; please assign the answer accordingly. If necessary, repeat answer categories at the end of the item.»

pb11401 Language support/speech therapy needs - diagnosed

In our study we are also interested in language support and speech therapy. Has <name of target child> ever been !!diagnosed!! with a need for language support or speech therapy? ««Speech therapy refers to logopedics carried out by a speech therapist. The need for speech therapy is diagnosed by a doctor or a therapist. The goal is to treat disorders, impairments or delays in speech development. Language support refers to general support measures and support offers. The need for language support is determined on the basis of a diagnostic test or recommended by an educator or a teacher. The goal of language support is to promote and strengthen language development, e.g. by expanding vocabulary. Language support is a helpful tool e.g. for multilingual children in their language development.»»

h_p42812 Definition country of origin

You told us that you were born in <31000P4 (LABEL)>. Therefore, we are interested in your relationship to this country and to the people from this country. Please consider both people in <31000P4 (LABEL)> and also people who themselves or whose families <31000P5 (LABEL)> moved to Germany. «Read introduction and then continue with the next question. If the respondent states that the country mentioned is not applicable to him/her, please select 6 and use the right country. If the respondent objects energetically because he/she belongs to an ethnic minority there, please select 7.»

p41800a Reading out language of origin (first-time interviewee)

You said that you or someone else reads to <name of the target child> at home or that you look at picture books together. We are now interested in what language that happens in. At the beginning of this interview we noted that your partner as a child learned <36018> in their family. How often do you or another person read to <name of the target child> at home in <36018> or how often do you look at picture books in <36018> together?

p41800b German Reading

And how often do you or does someone else read something to <name of target child> in German at home? ««Read the options aloud only if necessary. If a spontaneous answer is given which can be clearly assigned to the answer categories (e.g. three times a day = category 1 several times a day), please classify and do not ask again or read out all categories. Ask only in case of uncertainty. By 'someone else' we mean all persons who live in the household or regularly come to the household, e.g. acquaintances and relatives.»»

You have just told us that you or someone else read(s) something to <name of the target child> at home. Now we are interested in what language this happens. During this interview we noted that <name of target child> has learned <36029> in your family. How often do you or does someone else read something to <name of target child> in <36029> at home? «« Read the options aloud only if necessary. If a spontaneous answer is given which can be clearly assigned to the answer categories (e.g. three times a day = category 1 several times a day), please classify and do not ask again or read out all categories. Ask only in case of uncertainty.» «By 'someone else' we mean all persons who live in the household or regularly come to the household, e.g. acquaintances and relatives. If the displayed language of origin does not correspond to the statement of the respondent, please select the button 'Language of origin only German' or 'Other non-German language of origin' and: 'Please excuse me. pb11401 Language support/speech therapy needs - diagnosed

In our study we are also interested in language support and speech therapy. Has <name of target child> ever been !!diagnosed!! with a need for language support or speech therapy? ««Speech therapy refers to logopedics carried out by a speech therapist. The need for speech therapy is diagnosed by a doctor or a therapist. The goal is to treat disorders, impairments or delays in speech development. Language support refers to general support measures and support offers. The need for language support is determined on the basis of a diagnostic test or recommended by an educator or a teacher. The goal of language support is to promote and strengthen language development, e.g. by expanding vocabulary. Language support is a helpful tool e.g. for multilingual children in their language development.»»

p20141h Duration (average hours) use of digital media once a week

Approximately how long does <name of target child> use this device(s) on a typical day in a week? If <name of target child> uses multiple devices, please add up the times of use. «If the respondent answers 'not at all', please enter 0 hours - 0 minutes. If the respondent does not specify a concrete duration or if there is any uncertainty, ask to specify it in hours or minutes if possible. For simple from-to statements (e.g. 'one to two hours'), please enter the average value (here: 1 hour 30 minutes) without asking! If the respondent has problems indicating the duration for a typical day, please answer: 'We understand that it is difficult to give an indication of the daily duration, please try to estimate an average time for a typical day'.»

p66804b Temperament - stress and discomfort when tired

The following questions relate to your child's behavior in everyday situations. Please state how often <name of the target child> normally demonstrates this behavior in such situations. Please respond on a scale of 0 to 6, where '0' means that the behavior 'never' occurs and '6' means that the behavior 'always' occurs. You can use the numbers in between to grade the frequency. When <name of the target child> is tired, how often does she indicate signs of stress and discomfort?

p66805a Temperament - frustration

The following questions are about the behavior of your child in everyday situations. Please state how strongly each description usually applies to <name of the target child> in such situations. Please give your answers on a scale from 0 to 6. '0' means that the description 'does not apply at all' to <name of the target child>, '6' means that it 'completely applies'. You can indicate your assessment by choosing a number in between. Please refer your answer to the last six months! <name of the target child> is very frustrated when she cannot do what she wants. ««Read the options aloud if necessary. If the respondent states that the question cannot be answered because the child has not been in such a situation yet, indicate 'not assessable'.»»

p67800a Parenting goal: status - respect and popularity

Now I have some questions about your parenting goals. What values would you like <name of the target child> to learn and what is less important to you? Please answer on a scale from 0 to 10. '0' means that this goal is 'absolutely !!un!!important' to you; '10' means that this goal is 'absolutely important' to you. You can use the numbers in between to indicate the degree of importance. And how important is it for you that <target child's name> is respected by others and is very popular?
«Read out again if necessary; 'Please answer on a scale from 0 to 10. '0' means that this goal is 'absolutely !!un!!important' to you; '10' means that this goal is 'absolutely important' to you. You can use the numbers in between to indicate the degree of importance.'»

p30912a Registration with a childcare institution for over three year olds?

We are now interested in your opinion on the topic of Kindergarten. The generic term 'Kindergarten' refers not only to all types of Kindergarten, but also to daycare centers and similar childcare institutions for children from the age of three to six. Have you already registered <name of the target child> in such a childcare institution that <name of the target child> is to attend at the age of three or above? «Read the options aloud. Some of these childcare institutions already accept children from the age of two; these and the following statements include such institutions. If the child already attends a childcare institution: Ask if the child is already registered at this or a different childcare institution from the age of three to six or if it is on a waiting list there. If the child is on a waiting list or the respondent is unsure as to whether the child is officially registered or on a waiting list, please check '1'. If the child is registered with one institution and on the waiting list for another, please check 1.»

Catholic and Protestant Kindergartens may only be attended by children that belong to that religious community. «Read the options aloud only if necessary. For yes/no answer ask: 'Correct, incorrect or don't know?' For ambiguous answers, e.g. 'don't know/not sure, don't think so' ask: 'Correct, incorrect or don't know?'. If the respondent questions or is unsure about what period the statement refers to: 'This refers to the !!current!! situation and not to future regulations.' If there are any questions or uncertainties on the topic of Kindergarten: 'The term 'Kindergarten' refers to Kindergartens, daycare centers, and similar childcare institutions for children from the age of three to six, and possibly as young as two.'»

p31540a Knowledge about enrollment – choice elementary school 1

now, I'd like to ask you some concrete questions about the topic school enrollment. Please consider the regulations in the federal state that you are currently living in. If you don't know the answer, please state 'don't know'! For long time, every federal state had so-called school districts. This means that the state assigns every child to a public elementary school according to its place of residence. How is it nowadays in your federal state? Are there any school districts?

h_p42812 Definition country of origin

You told us that you were born in <31000P4 (LABEL)>. Therefore, we are interested in your relationship to this country and to the people from this country. Please consider both people in <31000P4 (LABEL)> and also people who themselves or whose families <31000P5 (LABEL)> moved to Germany. «Read introduction and then continue with the next question. If the respondent states that the country mentioned is not applicable to him/her, please select 6 and use the right country. If the respondent objects energetically because he/she belongs to an ethnic minority there, please select 7.»

p20141h Duration (average hours) use of digital media once a week

Approximately how long does <name of target child> use this device(s) on a typical day in a week? If <name of target child> uses multiple devices, please add up the times of use. «If the respondent answers 'not at all', please enter 0 hours - 0 minutes. If the respondent does not specify a concrete duration or if there is any uncertainty, ask to specify it in hours or minutes if possible. For simple from-to statements (e.g. 'one to two hours'), please enter the average value (here: 1 hour 30 minutes) without asking! If the respondent has problems indicating the duration for a typical day, please answer: 'We understand that it is difficult to give an indication of the daily duration, please try to estimate an average time for a typical day'.»

p67800a Parenting goal: status - respect and popularity

Now I have some questions about your parenting goals. What values would you like <name of the target child> to learn and what is less important to you? Please answer on a scale from 0 to 10. '0' means that this goal is 'absolutely !!un!!important' to you; '10' means that this goal is 'absolutely important' to you. You can use the numbers in between to indicate the degree of importance. And how important is it for you that <target child's name> is respected by others and is very popular?
«Read out again if necessary; 'Please answer on a scale from 0 to 10. '0' means that this goal is 'absolutely !!un!!important' to you; '10' means that this goal is 'absolutely important' to you. You can use the numbers in between to indicate the degree of importance.'»

The following is about <name of target child>'s use of digital media. Please indicate how often <name of target child> usually uses devices such as computers, laptops, tablets, smartphones, or game consoles by himself/herself. «Please read the options aloud. If the respondent asks what 'game consoles' are, answer: Game consoles are, for example, Nintendo®, PlayStation® or Xbox®. If the respondent answers for each of the mentioned devices, say that it is about the general use of such devices, not about each one individually. If the respondent wants to know whether television is also one of the mentioned media, answer that normal television devices do not count, but computers, laptops, tablets or smartphones, on which movies or television can also be watched, do.»

p281311 Collective activities: read out

I would now like to find out about situations !!in the last week!! where you or someone else in your home had the time to exclusively interact with <name of the target child>. I am now going to mention a few situations and would like you to assess how often you or someone else in your home did those things together with <name of the target child> in the last week. You can choose between the following responses: several times per day, once per day, several times per week, once per week or not at all. Read to <name of the target child> or looked at picture books with <name of the target child>. «Read the options aloud if necessary. If the respondent points out of their own accord that the last week was very untypical for the child (e.g. due to the child being ill), then please read out: 'In this case, please don't refer to the last week, but to the last typical week.' 'Someone else' means all people that live in the household or regularly come to the household, such as acquaintances, relatives or au pairs. In addition to play together, the situations can also refer to, e.g. changing diapers, eating or bathing. not included are situations where something else was being done at the same time, such as house work or talking on the phone.»

p430180 Perceived child-related discrimination: child unfair treatment

You told us that <name of target child>, or his other parent, or his grandparents were not born in Germany. In the following, when we talk about students of <name of target child>'s origin, we mean people from the country in which <name of target child> or his family was born and who moved to Germany from that country. Now let's move on to the situation of <name of target child> at school compared to children of German origin. We are interested in whether <name of target child> has ever made the following experiences because of his origin: Because of his origin or the origin of his family, <name of target child> is treated unfairly by his teachers. pm00072 Dealing with school closure Parents - motivation

How did you experience the time during the school closure this winter and to what extent do the following statements apply to you? It was difficult to motivate my child to study at home. Does this statement not apply at all, does it rather not apply, does it partly apply, does it rather apply or does it completely apply? «Repeat the options if necessary. In case of questions about the time period, read aloud, 'By that we mean the time of the school closures in the winter of 2021/22.'»
