1 Preliminary Remarks & Reading Aid

In this codebook all 8 data files from the NEPScomp (Version 2.0.0, Onsite; doi:10.5157/NEPScomp:SUF:2.0.0) **of Starting Cohort 3** with a total of 4989 variables are documented. Each chapter starts with an overwiew of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter ▹
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «…»
7. table with frequencies
    a) column 1: value label
    b) column 2: value
    c) column 3: absolute frequencies (#)
    d) column 4-…: absolute frequencies by wave (if possible)
    e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

Is your child !!currently!! receiving particular support from a special needs teacher at school? «If there are any questions about what special needs teachers are: These are teachers who have been trained to offer particular support to students who have learning disabilities, hearing disorders, behavioral problems, speech impediments, or who are visually impaired or physically disabled. In case of questions: There are schools where a special needs teacher comes into the classroom on a regular basis to offer assistance to those students who are in particular need of it. If this is the case for your child, I can make a note of this here [[Interviewer: Please press 'whole class receives special needs lessons' button]].»

***[ATTENTION: There are several question formulations for this variable – see the Variable Search or Survey Instruments for detailed information!]* Regardless of this, does your child !!currently!! have any special educational needs (SEN)? This means that a special needs teacher has assessed your child's learning capabilities.** «If there are any questions about what special needs teachers are: These are teachers who have been trained to offer particular support to students who have learning disabilities, hearing disorders, behavioral problems, speech impediments, or who are visually impaired or physically disabled. In case of questions: Dyscalculia, dyslexia and being highly-gifted are not special educational needs. If an assessment was issued some time ago and it is still valid, your child has special educational needs.»

p416200 Additional lessons German

Now we would like to look at lessons or special classes in German which go beyond the normal teaching the school. We do !!not!! mean private German tuition. Is <name of target child> currently receiving additional German lessons of this kind? «In case of questions: We mean German lessons which go beyond the regular teaching in the school, and all special teaching measures to improve knowledge of the German language.»

p512301 Household assets not including debt, open

What do you think the market value of all these assets in your household would be if you were to sell them today? Please do not deduct any debt. «In case of problems with accuracy: 'Please give a rough estimate of the amount'. Refer to the fact that any response given will be anonymous. In case of general uncertainty about the question: 'This means the current value of all of the types of assets of the entire household listed above if you were to sell them today.' In case something is unclear regarding sales/market value for people whose household only has a savings book/checking account: 'Please add up the current amounts on all savings books and in all checking accounts.' In case something is unclear regarding sales/market value for persons whose household has various asset components: 'This means the current value of all of the types of assets of the entire household listed above if you were to sell them today, plus the sum of all the amounts on all the savings books and in all the checking accounts of the entire household.'»

p512601 Debt in the HH, (open)

Many households have debts or other liabilities these days. How is the situation in your household? How high do you estimate the overall debt, such as mortgages, consumer loans and other liabilities, of all the members of your household to be? «In case of problems with accuracy: 'Please give a rough estimate of the amount'. Refer to the fact that any response given will be anonymous. If monthly payments are stated: 'Please tell me the total amount of your household's debts, not the monthly payments.'»

p712050 Attending elementary school

Most children in our study are enrolled in school. What about <name of target child>? Is <name of target child> already enrolled in school? «Another possible term for elementary school is primary school. In case of questions: Enrollment refers to the admission of the child in the school, meaning the child goes to school. Attending a preschool is considered school preparation and is not meant here.»

t261908 Volunteer participation

There are many ways to get involved in society outside of work and family. Please think of activities that you perform on a voluntary basis or other social commitment, for example in associations, initiatives, projects or self-help groups. We are talking about voluntary tasks and work that you do unpaid or for a small expense allowance. Thinking about the last 12 months: Have you been socially involved or volunteered? ««It is !!not!! about simple free time activities in clubs and organized groups, but about regular voluntary work. Read aloud if necessary (in case TP is irritated because the question does not fit because of corona): We are aware that there were many restrictions due to the corona pandemic last year. However, for scientific reasons it is important that we ask the same questions every year. Only then can we compare results and see changes over time.»»

t261909 Number volunteer activities (open)

There are many different types of volunteer activities. They can range from coaching in a sports club to serving drinks at an event. We are interested in whether you have volunteered for one or more activities and jobs, for example, within a club or organized group. How many volunteer activities have you participated in over the past 12 months so far? ««If the target person participates in more than one activity within a club or organized group: e.g. coaching activities in a sports club and additionally serving drinks at events of the same sports club, please enter the number '2'. The target person can enter as many different activities as he or she wishes. Detailed information is then only available for the three most important activities. Read aloud if necessary (in case the target person is irritated because the question does not fit because of corona): We are aware that there were many restrictions due to the corona pandemic last year. However, for scientific reasons it is important that we ask the same questions every year. Only then can we compare results and see changes over time.»»

tf34300 Reading of 1-page texts

The next few questions are about the things you currently do regularly in your vocational training course. Please only think about your work in the company and not about the vocational school. As part of your vocational training at the company, do you read texts that are one page long or longer? «This means continuous texts of at least one page and not several shorter texts that together make up one page.»

tf40220 Study applied

***[ATTENTION: There are several question formulations for this variable – see the Variable Search or Survey Instruments for detailed information!]* In the following we would like to know something about your way to university. Since our last interview in <20101P3(intmPRE/intjPRE)> have you applied for a place at university? By this we mean applications directly to universities as well as applications to the Stiftung für Hochschulzulassung (SfH) or applications to universities abroad.** «If TP is unsure about the term 'Foundation for University Admissions': 'The Foundation for University Admission refers to the former Central Office for the Allocation of Study Places (ZVS) or the application portal 'Hochschulstart'.»

t34009a Participation in high culture: museum, art exhibition

Now let's move on to other activities you can do in your free time. How often have you done the following things in the last 12 months: …visited a museum or an art exhibition? ««Read the answer categories aloud. If necessary (if TP is irritated because the question does not fit because of corona): We are aware that there were many limitations last year due to the corona pandemic. However, for scientific reasons it is important that we ask the same questions every year. Only then we can compare the results and see changes over time.»»

The following is about your experiences in your current course of study. If you are studying several subjects, they may be very different, e.g. in terms of content orientation and/or organization of teaching. For this reason, please select the major or academic subject which you want to refer to in the next questions. «Please enter the name of your major or academic subject and select the exact name from the list below. Then click on the gray arrow to confirm your selection.»

[NCS] For the following opposing characteristics we would like you to indicate which is more applicable to <name of target child>. You can grade how strongly the characteristics apply using numbers from 0 to 10. A low number means the first characteristic is more applicable, and a high one means the second is more applicable. From 0 'is good-natured' to 10 'is irritable'. «Don't read the options aloud. If problems regarding the assessment arise: 'Here we are looking at the overall picture of your child. p34005a Number Books

How many books do you have about in your home? As an aid: about 40 books fit on one meter of shelf. «Read the answer options aloud. This includes books of all persons living and keeping house together with you in the household. If necessary: do not count newspapers and magazines. Books in a foreign language should be included.»

p512601 Debt in the HH, (open)

Many households have debts or other liabilities these days. How is the situation in your household? How high do you estimate the overall debt, such as mortgages, consumer loans and other liabilities, of all the members of your household to be? «In case of problems with accuracy: 'Please give a rough estimate of the amount'. Refer to the fact that any response given will be anonymous. If monthly payments are stated: 'Please tell me the total amount of your household's debts, not the monthly payments.'»

t513060 Expected income: future profession

There are several reasons why one chooses a particular profession. Income often plays a major role. First of all, we would like to know how high you estimate your future monthly net income to be. This is the money that is transferred directly to your account. How high do you think this net income will be in the period directly after vocational training or the course of study … … in your future profession? «If you are unsure, simply estimate an approximate amount. Please enter numbers.»

t513061 Expected income: don’t know what profession I will pursue

There are several reasons why one chooses a particular profession. Income often plays a major role. First of all, we would like to know how high you estimate your future monthly net income to be. This is the money that is transferred directly to your account. How high do you think this net income will be in the period immediately after vocational training or studies? … ▹ ...don’t know yet which profession I will have in future «If you are unsure, just estimate an approximate amount. Please enter numbers.»

tf11401 School attendance

First of all, we would like to ask you if you are currently attending a school that will lead to a general school-leaving qualification? By this we mean, e.g., a school-leaving qualification from a Hauptschule, school-leaving qualification from a Realschule or Abitur (higher education entrance qualification). We !!don't!! mean vocational schools that you attended in the course of vocational training or vocational preparation measures here.

tf40220 Study applied

***[ATTENTION: There are several question formulations for this variable – see the Variable Search or Survey Instruments for detailed information!]* In the following we would like to know something about your way to university. Since our last interview in <20101P3(intmPRE/intjPRE)> have you applied for a place at university? By this we mean applications directly to universities as well as applications to the Stiftung für Hochschulzulassung (SfH) or applications to universities abroad.** «If TP is unsure about the term 'Foundation for University Admissions': 'The Foundation for University Admission refers to the former Central Office for the Allocation of Study Places (ZVS) or the application portal 'Hochschulstart'.»
