1 Preliminary Remarks & Reading Aid

In this codebook all 8 data files from the NEPScomp (Version 2.0.0, Onsite; doi:10.5157/NEPScomp:SUF:2.0.0) **of Starting Cohort 6** with a total of 1794 variables are documented. Each chapter starts with an overwiew of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter ▹
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «…»
7. table with frequencies
    a) column 1: value label
    b) column 2: value
    c) column 3: absolute frequencies (#)
    d) column 4-…: absolute frequencies by wave (if possible)
    e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

t261908 Volunteer participation

There are many ways to get involved in society outside of work and family. Please think of activities that you perform on a voluntary basis or other social commitment, for example in associations, initiatives, projects or self-help groups. We are talking about voluntary tasks and work that you do unpaid or for a small expense allowance. Thinking about the last 12 months: Have you been socially involved or volunteered? ««It is !!not!! about simple free time activities in clubs and organized groups, but about regular voluntary work. Read aloud if necessary (in case TP is irritated because the question does not fit because of corona): We are aware that there were many restrictions due to the corona pandemic last year. However, for scientific reasons it is important that we ask the same questions every year. Only then can we compare results and see changes over time.»»

t261909 Number volunteer activities (open)

There are many different types of volunteer activities. They can range from coaching in a sports club to serving drinks at an event. We are interested in whether you have volunteered for one or more activities and jobs, for example, within a club or organized group. How many volunteer activities have you participated in over the past 12 months so far? ««If the target person participates in more than one activity within a club or organized group: e.g. coaching activities in a sports club and additionally serving drinks at events of the same sports club, please enter the number '2'. The target person can enter as many different activities as he or she wishes. Detailed information is then only available for the three most important activities. Read aloud if necessary (in case the target person is irritated because the question does not fit because of corona): We are aware that there were many restrictions due to the corona pandemic last year. However, for scientific reasons it is important that we ask the same questions every year. Only then can we compare results and see changes over time.»»

t745001 Nursing last 12 months

We are also interested in how people help each other. The next questions are about help, especially care services you have provided for people in your environment. Since our last interview in <20101P3(intmPRE / intjPRE)>, have you taken care of/nursed a person privately or voluntarily due to bad health and/or have you regularly helped the person? «We do not mean professional care activities, e.g. of nurses for the sick or elderly, as part of their professional activities.»

th60007 Automatization: occupational characteristic

So far, our questions about digitalization have mainly concerned the use of networked digital technologies. But we are also interested in another aspect: !!the automatization of work processes!! By this we mean the use of computer systems that determine, evaluate or optimize work processes mostly independently by making their own decisions. What about your work? To what extent are the work processes at !!your workplace!! automatized?

t30367a General need courses trainings

Would you have liked to take part in (possibly additional) courses or training programs in the last 12 months? We are only interested in courses or training programs that you ultimately did not attend. On the one hand, we are interested in courses or training programs that you would have liked to have attended out of professional interest. On the other hand, we are also interested in courses or training programs that you wanted to do for yourself, e.g. a cooking course, language course or a trainer course. «Please mark the applicable answer.»

th09241 Financial contributions last 12 months

Many people give others gifts or money, or help others - for instance, their parents, children, grandchildren, relatives or friends. Have you, in the last twelve months, helped someone within or outside your household out by giving them money or gifts worth at least 250 euro? Please do not consider free food or accommodation here. ««This question refers to both cash contributions and the assumption of specific costs; e.g., for medical care, insurance, training, or down payments for property purchases, as well as donations. Loans and inheritance do not count here.»»

t417130 Language media use - surfing the internet

In which language do you surf on the internet? «Read the answer options aloud only if necessary. The question should only refer to German and the language of origin even if the target person states that they also use a third language. If the target person states to use 'mostly' or 'only' a third language, please select the button 'uses mostly/only a third language'. If the respondent answers 'equally often', please ask about the tendency. If there is no classification, please select the button 'equally often German and language of origin'.»

t741001 Household size

Now a few questions about your household. How many persons are currently living with you in one household - including yourself and the children? «(if h_cohort = 6) In case of uncertainty: This refers to all persons who live and run the household together with you. (if h_cohort = 4) In case of uncertainty as to who belongs to the household: this refers to all persons who live and run the household together with you. If it is unclear whether your own household or that of your parents is meant, if you already have your own household: the questions refer to your own household.»

t31064a Idealistic aspiration further qualification

So far we have talked about courses and training courses. But in order to advance professionally, you can also acquire a further school-leaving qualification or do a vocational qualification, for example, the school-leaving certificate of a Realschule, the Abitur, vocational training, the master craftsman/craftswoman training or a course of study. If it was up to you, regardless of your professional and private obligations: Would you like to acquire an additional qualification in order to advance professionally? «In case of questions: this also includes a school-leaving certificate of a Hauptschule, a technician training, attendance of a Fachschule, vocational school, university of applied sciences or a doctorate.»

t31371a Generalized attitude further education – necessity additional qualifications

So far we have talked about courses and training programs. However, in your working life you can also acquire another educational or vocational qualifications, e.g. leaving certificate of the Realschule, the Abitur, a vocational qualification, master craftsman's/craftswoman's examination or a higher education qualification. How strongly do you agree with the following statements on this subject? Even if you already have a profession, you should still acquire additional qualifications.

t34009c Participation in high culture: opera, ballet, classical concert

Now, let's move on to activities that you can do in your free time. How often have you done the following things in the last 12 months?...attended an opera, a ballet or a classical concert? «Please mark the applicable answer. We are aware that there were many restrictions last year due to the corona pandemic. However, for scientific reasons, it is important that we ask the same questions every year. Only then can we compare the results and identify changes over time.»

th09241 Financial contributions last 12 months

Many people give others gifts or money, or help others - for instance, their parents, children, grandchildren, relatives or friends. Have you, in the last twelve months, helped someone within or outside your household out by giving them money or gifts worth at least 250 euro? Please do not consider free food or accommodation here. ««This question refers to both cash contributions and the assumption of specific costs; e.g., for medical care, insurance, training, or down payments for property purchases, as well as donations. Loans and inheritance do not count here.»»

t26214a Value of internet use: contacts

We would like to know what you think about the internet - whether you use it or not. Please think of the internet as websites, apps, search engines, etc. that can be accessed via computer, cell phone, tablet and other digital media. It's about you !!personally!!, to what extent do the following statements apply to you? I think the internet makes it easier to stay in touch with family and other people. «« Please read the options aloud. If the respondent is unsure about their answer, e.g. because they don't use digital media or the internet, please say 'Please give your own personal assessment. It is not important whether you use the internet regularly or not.' »»

t516400 Understanding of Democracy: free elections

I would like to ask you some questions about democracy. There are no right or wrong answers. Please tell me what you think personally. How important you think is it for democracy in general that the elections of the national parliament are free and fair? Please answer on a scale from 0 to 10. '0' means 'not at all important for democracy in general' and '10' means 'extremely important for democracy in general'. You can gradate your answer with the numbers in between.

t517400 Social belonging/social exclusion

You may feel that you are part of society and that you belong to it, or that you feel excluded. What about you? To what extent do you feel more like belonging or excluded? Please answer on a scale from 0 to 10. '0' means that you feel completely excluded from social life, '10' means that you feel completely belonging to it. You can gradate your answer with the numbers in between.

th2140a Frequency form of mobility by bicycle

Now it's all about how you get from A to B in everyday life. I will list various forms of mobility below. Please tell me how often you usually use them to cover everyday distances. How often do you usually use…' …bicycle or pedelec? ««Please read the options aloud.» « Pedelecs are bicycles with an electric auxiliary motor (which is only active when pedalling and up to 25 km/h), but do not require a license plate or helmet. Colloquially, they are often mistakenly equated with e-bikes; however, owners/users usually know the difference.»

th60005 Digitalization: external control

In my job, I feel increasingly controlled by networked digital technologies. ««Read the options aloud if necessary. Some examples of networked digital technologies are online platforms, e-mail, tablets, cloud services and self-controlling or self-learning computer systems.»»

th60007 Automatization: occupational characteristic

So far, our questions about digitalization have mainly concerned the use of networked digital technologies. But we are also interested in another aspect: !!the automatization of work processes!! By this we mean the use of computer systems that determine, evaluate or optimize work processes mostly independently by making their own decisions. What about your work? To what extent are the work processes at !!your workplace!! automatized?

th60008 Digitalization: job loss

We are now interested in your assessment of the consequences of digitalization. How much has this development changed the risk of losing your current job? Does the risk increase strongly, increase slightly, stay about the same, decrease slightly or decrease strongly?
