# 1 Overview and Reading Aid

The material in this document is based on the field version, which has been supplemented with variable names and numerical values. In this generated version of the CAPI questionnaire for parents, the variable names are used, which can also be found in the datafiles. The field version can be found in the volume "Startkohorte 1: Neugeborene (SC1), Welle 1, Erhebungsinstrumente (Feldversion)" (only available in German). We recommend to use the provided SUF version over the field version when working with the data. The status of the metadata corresponds to version 1.0.0 of the SC1 Scientific Use File (SUF) (doi:10.5157/NEPS:SC1:1.0.0). Figure 1 describes the possible components of the documented survey.

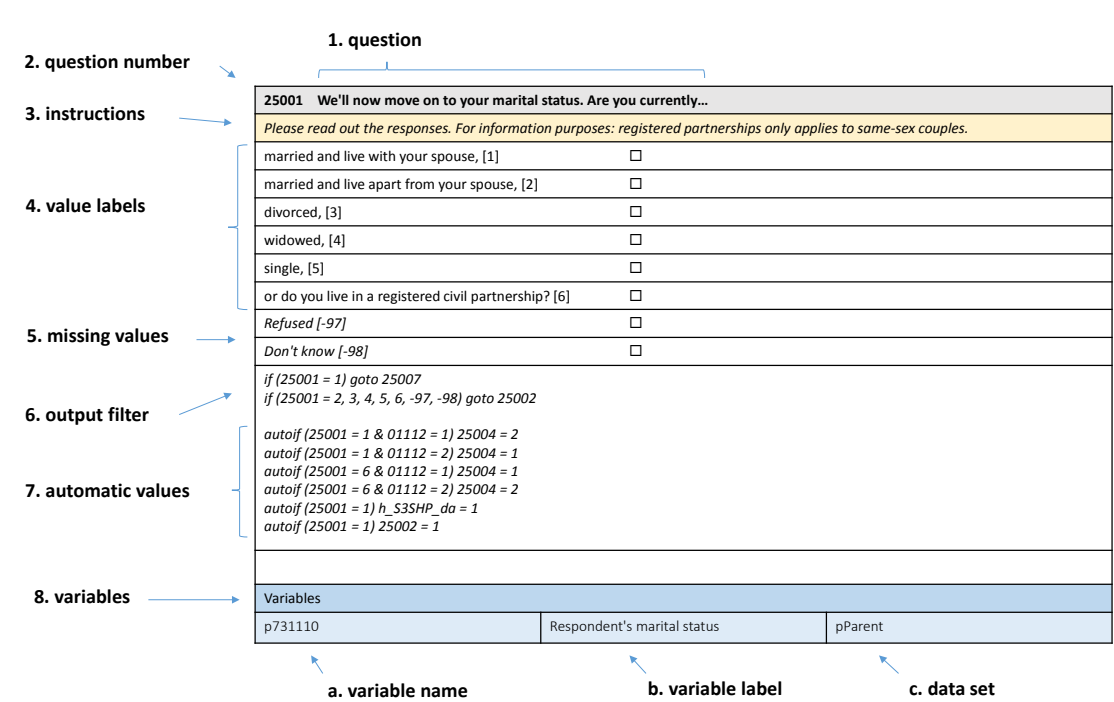

Figure 1: Reading aid for survey tools

If available, this information includes the following:

1. Questions (bold): Text, which is a) handed out in the form of PAPI or online surveys and b) read out during CATI or CAPI surveys by an interviewer (sometimes with variations depending on specific conditions).
2. Question numbers in the survey tool (bold)
3. Instructions (italic, shaded in yellow) are considered as a) guidelines for PAPI or online surveys and b) instructions for the interviewer for CATI or CAPI surveys, in order to ask the questions in a correct way and react appropriately to inquiries. These are not read out by the interviewer.
4. Values labels
5. Missing values (italic)
6. Output filters (italic)

7. Automatic values (*italic*): Under certain conditions, these are necessary, e.g. when coding auxiliary variables.
8. Variables
  - a) Variable name in SUF-data set (variable names indicated in brackets are not part of the SUF)
  - b) Variable label: This is a short form of the description of the item.
  - c) Data set, in which the variable(s) can be found.

**Figure 2:** Survey program of Starting Cohort 1 and ID of the survey instrument in wave 1

Figure 2 gives an overview of the field time of the first main survey. The survey was conducted between August 2012 and March 2013 via computer-assisted personal interviews with parents (mainly mothers). In addition, direct measures of the children were recorded.

### 290103 In that case, I would now like to ask that you sign the statement of agreement for the video recordings. You can withdraw your agreement at any time without the need to give any reasons by contacting the infas contact person.

Please hand the statement(s) of agreement for the games over to the parent(s) taking part and ensure that the form(s) is / are filled out properly. Only those parents who have properly filled out and handed over a statement of agreement may take part in the games! At this point, you should check the signed statement(s) of agreement to ensure that the form(s) have been filled out correctly and then store it / them in the folder provided. Please refer to the covering letter for the infas contact person's details! If necessary: infas' contact person (Ms. Andrea Bauer) can be contacted by calling the free phone number (0800 6647436) or by emailing NEPS1@infas.de.

Only those statement(s) of agreement which have been properly filled out and signed by the respondent may be stored in the folder provided. [1] ☐

Only those statement(s) of agreement which have been properly filled out and signed by the respondent's partner may be stored in the folder provided. [2] ☐

Only those statement(s) of agreement which have been properly filled out and signed by both parents may be stored in the folder provided. [3] ☐

Consent has not been given [-21] ☐

640002

For some parents it is possible to care for their children during their working hours, e.g. when they work from home or when they can take their child to work with them. How many hours a week on average does your partner care for <Target child's name> !!while!! working?

If the respondent does not (or cannot) care for the child while working, then enter "0". If the number of hours varies, then ask for the average value.

hours
