# 1 Overview and Reading Aid

The documents in this section are based on the field versions but are extended by including the variable names and values. The variable names used in this generated document of the questionnaires and programming masters can be found in the data files, as well. The field versions can be found in the corresponding column “Starting Cohort 3: Grade 5 (SC3), Wave 3, Survey Instruments (Field Version)” (only available in German). We recommend using the provided SUF versions over the field versions when working with the data. The material corresponds to Version 4.0.0 of the Scientific Use File (SUF) for the Starting Cohort 3 (SC3) (doi:10.5157/NEPS:SC3:4.0.0). Figure 1 describes the possible components of the documented survey.

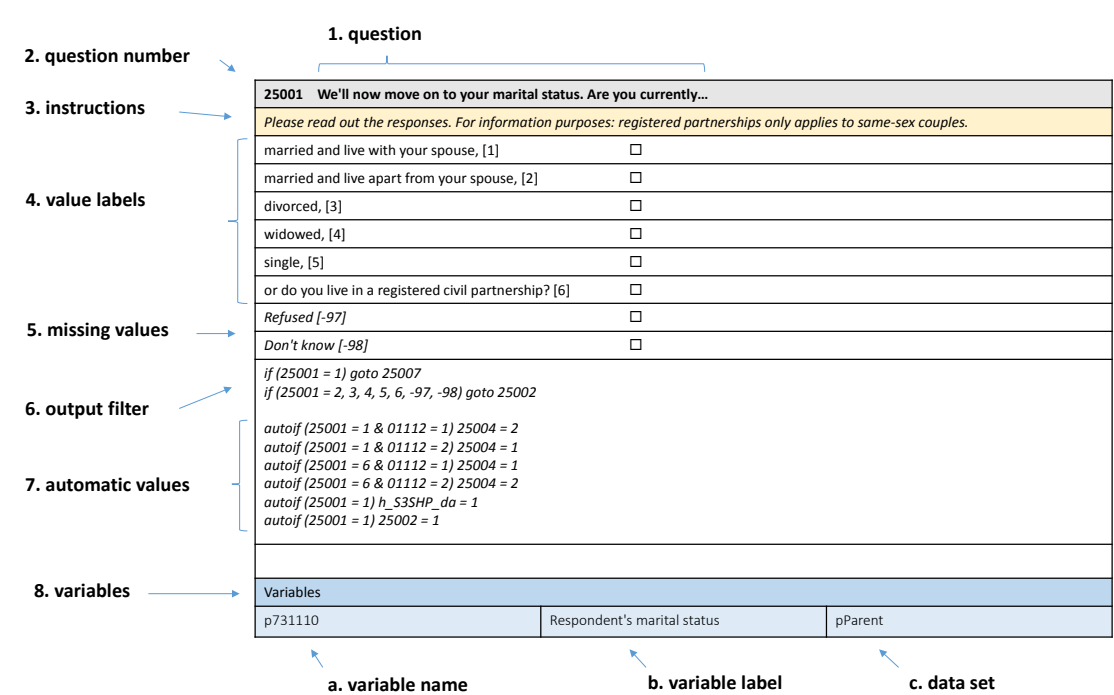

Figure 1: Reading aid for survey tools

If available, this information includes the following:

1. Questions (bold): Text, which is a) handed out in the form of PAPI or online surveys and b) read out during CATI or CAPI surveys by an interviewer (sometimes with variations depending on specific conditions).
2. Question numbers in the survey tool (bold)
3. Instructions (italic, shaded in yellow) are considered as a) guidelines for PAPI or online surveys and b) instructions for the interviewer for CATI or CAPI surveys, in order to ask the questions in a correct way and react appropriately to inquiries. These are not read out by the interviewer.
4. Values labels
5. Missing values (italic)

6. Output filters (*italic*)
7. Automatic values (*italic*): Under certain conditions, these are necessary, e.g. when coding auxiliary variables.
8. Variables (shaded in blue)
  - a) Variable name in SUF-data set (variable names indicated in brackets are not part of the SUF)
  - b) Variable label: This is a short form of the description of the item.
  - c) Data set, in which the variable(s) can be found.

**Figure 2:** Survey of Starting Cohort 3 and ID of the survey instruments in wave 3

Figure 2 gives an overview of the field time for the third main survey. The survey was conducted via PAPI questionnaires within the school context (additionally the children were doing competence tests) from November 2012 to January 2013. Computer assisted interviews (CAPI) with the parents took place from February to May 2013.

Students of the 7th grade are interviewed in two samples - for regular schools and for schools for special educational needs (SEN). The questionnaires for the sample of students with special educational needs (SEN) contained a subset of the questions for students in regular schools. Moreover, as part of the third wave, information was collected on school teachers, school classes (via teachers), and on the schools themselves (via school principal).

The course of survey and all the applied survey instruments with IDs are provided in the figure. If there are divergent instruments for first-time and panel interviewees, the more extensive instrument for first-time interviewees will be put in the first place, the instrument for repeatedly interviewees in brackets. All questionnaires were used in the context of regular and special schools, divergent instruments are marked accordingly. During this wave new schoolmates of

the students willing to participate in the panel survey were asked likewise; these are marked as first-time interviewees.

Hereafter, only the most extensive instrument is presented, correspondence lists give an overview of the partial quantities contained in the remaining instruments.

# 2 Students (Grade 7)

## 2.1 Regular schools: first-time interviewees (ID 146)

Dear students, in this questionnaire we are foremost interested in your personal assessment. Besides questions in regard to you as a person and your family background, there are also questions regarding such topics as school, reading, leisure time as well as your country of origin, language and general health. Please, answer all the questions based on your perceptions. There are no "right" or "wrong" answers. Your personal opinion is important to us! If you cannot or do not want to answer some of the questions or if they do not apply to you, just leave them out. Participation in this survey is voluntary and will not disadvantage you in any way. If you cannot, or do not want to answer a question, simply leave it blank and skip to the next one. The participation is voluntary, hence you will have no disadvantages whatsoever regarding you filling out this questionnaire. If you do not wish to fill out the questionnaire, there are likewise no disadvantages for you in regard to this. You can naturally, at any point of time, stop filling out the questionnaire. Neither your teacher, other school personnel, your apprenticeship trainer nor your parents will be able to see your answers. We would like to thank once again for your contribution in this very important study. Your NEPS-Team

Brief notes on completing the questionnaire • In order to achieve as high a level of accuracy as possible for scanner-assisted data capture, please use a black pen to complete the questionnaire and always enter numbers right-aligned in the specified boxes. • If you want to change your answer to a question, cross out the box with the answer that is no longer relevant and check the correct box. • You may also skip individual questions that you do not want to answer. • For legal data protection reasons, we would like to explicitly point out that no personal information about third parties (such as names of students or other teachers) may be stated in this questionnaire. • For some questions, you are required to enter numbers. If these are not available to you, please estimate as accurately as possible, but do not collect any data for this purpose. • After you have completed the questionnaire, please hand it over in the enclosed envelope to your responsible school coordinator, who will then forward it unopened to the IEA DPC in Hamburg, or you can send it to the IEA DPC directly. Your information will thus not be disclosed to unauthorized third parties or members of your school. • The law requires us to have your consent before collecting and processing your data, including details about your migrant background. You declare this consent by filling out and handing in the questionnaire. In this regard, please note the Data Protection Policy attached to this cover letter. Thank you for your support!
