1 Preliminary Remarks & Reading Aid

In this codebook all 35 data files from the NEPS Scientific Use File of Starting Cohort SC4 (Version 6.0.0, Onsite; doi:10.5157/NEPS:SC4:6.0.0) with a total of 5377 variables are documented. Each chapter starts with an overwiew of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter ▹
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «...»
7. table with frequencies
   a) column 1: value label
   b) column 2: value
   c) column 3: absolute frequencies (#)
   d) column 4-...: absolute frequencies by wave (if possible)
   e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

tx80401 Willingness: merging data from Federal Employment Agency 207 : 26400

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)? «Contact person's details, e-mail address and telephone number are given in the letter. This consent is of great importance to the analysis of the study. Therefore please answer any questions the target persons may have in a professional, competent manner. A high degree of familiarity with the data protection sheet is vital!»

Is your father (stepfather / this person) currently full- or part-time, in a side job or not at all employed? «By employed full time we mean working for 35 or more hours per week, by employed part time we mean working from 15 until under 35 hours and by employed in a side job we mean working less than 15 hours. If someone has two part-time jobs, we consider it as being employed full time. Being in a vocational training / being a student is considered as not being employed.»

Was this a position within a job creation scheme, a one-Euro-job (or a work opportunity) or none of the above? «If something is unclear: ‼Job creation schemes‼ are activities subsidized by the employment agency that aim to help reintegrate job seekers into the labor market or secure a minimal income. However, they are also aimed at other persons, e.g. young adults under the age of 25 who have ‼not‼ completed a vocational training program and for whom the place in a job creation scheme is linked to a career preparation program. Since 1 April 2012, no new job creation schemes are being promoted. A ‼one-Euro-job or work opportunity‼ is a position exempt from social security contributions and for which expenses incurred by the worker are reimbursed. They provide recipients of unemployment benefits (stage II) with an additional income, but do not constitute a regular employment relationship.»
