## t513023 Expected income, ideal profession 241 : 36

**There are many reasons for deciding on a particular profession. Often, money plays a big role. First, we would like to know what you think the monthly take-home pay would be for the jobs you have just stated. This means the pay that is deposited directly to your account each month (after taxes). How much do you think the take-home pay immediately after finishing your vocational training position or higher education is … ▹ a) … in your ideal profession?** «If you are unsure, just estimate a rough amount. Please enter numbers right-aligned.»
