1 Preliminary Remarks & Reading Aid

In this codebook all 32 data files from the NEPS Scientific Use File of Starting Cohort 5 (Version 13.0.0, Onsite; doi:10.5157/NEPS:SC5:13.0.0) with a total of 4297 variables are documented. Each chapter starts with an overwiew of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter ▹
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «…»
7. table with frequencies
    a) column 1: value label
    b) column 2: value
    c) column 3: absolute frequencies (#)
    d) column 4-…: absolute frequencies by wave (if possible)
    e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

2. variable name

t741001 Size of Household (persons) 609 : 32301

I now have a few questions about your household. How many people are currently living in one household with you - including yourself and any children? «If anything is unclear: By this, we mean all the people who live with you and manage the household with you. Note on shared accommodation: Categorization is often more difficult particularly when it comes to shared accommodation. One key issue for determining whether or not shared accommodation constitutes a single household is its joint management. Criteria for this are, e.g. one common purse from which the necessary items for everyday life are paid (rent, telephone and Internet costs, food, washing machine, vacuum cleaner, etc.) !!and!! joint housekeeping (shopping, cleaning, cooking, doing laundry either individually on a task-sharing basis or together, and eating together). Ultimately, the opinion of the respondents is decisive for determining whether the shared accommodation also constitutes shared household management. If student respondents live in more than one household: Please refer to the household in which you reside most of the time during the semester. If respondents who are no longer students live in more than one household: Please refer to the household at your principal place of residence.»

tx80401 Willingness: Merging data from Federal Employment Agency 609 : 26400

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)? «Contact person's details, e-mail address and telephone number are given in the letter. This consent is of great importance to the analysis of the study. Therefore please answer any questions the target persons may have in a professional, competent manner. A high degree of familiarity with the data protection sheet is vital!»

tx80401 Willingness: Merging data from Federal Employment Agency 609 : 26400

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)? «Contact person's details, e-mail address and telephone number are given in the letter. This consent is of great importance to the analysis of the study. Therefore please answer any questions the target persons may have in a professional, competent manner. A high degree of familiarity with the data protection sheet is vital!»

t34001f Reading quantity – profession (minutes) 97 : 32120

In the following we deal with the issues 'reading', 'leisure activities', 'politics' and 'health'. We are interested in this, because these things are associated with education and may influence the course of live. Firstly, as to reading: How much time do you on average spend reading on a working day during your working hours? Please also consider things such as reports, emails, work instructions, newspapers or internet pages. «Please enter '0', if reading does not belong to the professional activity of the respondent. Here all possible reading situations are to be recorded. If TP carries out several professional activities, please indicate total reading time.»

t417150 Language media use – TV 187 : 32420

In which language do you watch TV programs? «Only read out options if necessary. The question should only refer to German and the language of origin if the target person indicates that he/she uses a third, additional language. If TP indicates that he/she mainly or only uses a third language, please select the button 'Mainly/only uses a third language'. If the respondent answers here 'equally often', please ask for their tendency. If no allocation can be made, select the button 'German and language of origin equally often'.»

tg2411a Stud. satisfaction: Enjoy degree course 187 : 32510

Finally, I am interested in how you personally evaluate your current course of study. Please indicate to what extent the following statements apply. You may answer on a scale from 0 to 10. '0' means that the statement does not apply at all, '10' means that it completely applies. You can use the numbers in between to indicate the degree to which the statement applies. I really enjoy the subject I'm studying.

tg2411i Stud. satisfaction: Often tired due to degree course 187 : 32518

[NCS] My course of study often makes me feel tired and exhausted. «If necessary, repeat scale instructions: Please again give your answers on a scale from 0 to 10. '0' means, that the statement does not apply at all, '10' means, that it completely applies. With the figure in between you may graduate your evaluation.»

t515051 General willingness to take risks 174 : 32700

Let me now briefly turn to another topic. How do you personally assess yourself: Are you, in !!general!!, a person who is willing to take risks or are you trying to avoid risks? Please answer on a scale from 0 to 10. '0' means that you are not willing to take risks at all, '10' means that you are very willing to take risks. With the numbers in between, you can adjust your assessment.

t514001 Satisfaction with life

609 : 20500a

I'd like to ask you a few questions about your current level of satisfaction with different aspects of your life. Please answer each question on a scale of 0 to 10. '0' means that you are 'completely unsatisfied', while a '10' means that you are 'completely satisfied.' You can indicate the degree of satisfaction by choosing a number between 0 and 10. How satisfied are you currently with your life, all in all?

tg60028 Screening Intention Master in teaching from Bachelor graduates 609 : 24900

To make the interview process easier, I would like to ask you about your further study plans. I have noted that you have completed a Bachelor's degree. Do you intend to take up a teaching-related Master's degree program? This means, for example, Master's degree programs with the option of becoming a teacher, a Master's degree program for the teaching degree or Master of Education.

t724403 Post-recording final grade

609 : 24191a

In one of our last telefon interview, you told us that you have completed a study in <24101P12(abnotendmPRE/abnotendjPRE)>, with the qualification <h_abnotabzsPRE>. Unfortunately, you couldn't name us the final grade back then, because you haven't received your degree certificate yet. Can you tell me with what final grade - or score number - you have competed your study?

tg2412a Reason for dropping out, interruption: Anonymity of higher education institution

609 : 24212a

You have indicated that you have abandoned or temporarily discontinued your degree course. Can you tell me to what extent the following reasons played a role in this? Please answer on a scale from 1 to 6. '1' means that the factor played no role at all, '6' means that it played a major role. You can use the numbers in between to indicate the importance of the role played. Anonymity of the higher education institution. What role did that play?

tg64221 Referendariat: seminar, discussing views

609 : 26508a

Now we come to the situation in the study seminar, which you attend as part of the Referendariat. For each statement, please state again whether it does not apply to you, hardly applies to you, partially applies to you or applies to you completely. We also discuss our different views of the lesson during the seminar. «If TP attends/attended several events at the study seminar: Please give your overall impression for all of the different events. The forms and names of the study seminar vary between German states. It is called a module or vocational training semester, state or school internship seminar, among others. For the following questions, it is irrelevant what the events are called. Only select the button 'not applicable/no seminar' if the TP states that he/she does not attend a study seminar or module or vocational training events or similar.»

t733030 Intro Living together with a partner 609 : 28406

Now I would like to talk to you about another subject, namely partnership and children. Both can be very important for the educational and life trajectory. For example, a partnership can influence the choice of place of study or work and provide emotional and financial support. Children are a lot of fun, but their care takes time. That is why we would like to ask you some questions about this topic as well. Let's start with the partnerships. First of all, please tell us whether you have lived with a partner since our last telephone interview in <20101P3(intmPRE/intjPRE>). «If necessary, please point out the confidentiality of the information to the TP with the following text: This information, like all other information, is confidential and will only be evaluated anonymously.»

t741001 Size of household 609 : 32301

I now have a few questions about your household. How many people are currently living in one household with you - including yourself and any children? «If anything is unclear: By this, we mean all the people who live with you and manage the household with you. Note on shared accommodation: Categorization is often more difficult particularly when it comes to shared accommodation. One key issue for determining whether or not shared accommodation constitutes a single household is its joint management. Criteria for this are, e.g. one common purse from which the necessary items for everyday life are paid (rent, telephone and Internet costs, food, washing machine, vacuum cleaner, etc.) !!and!! joint housekeeping (shopping, cleaning, cooking, doing laundry either individually on a task-sharing basis or together, and eating together). Ultimately, the opinion of the respondents is decisive for determining whether the shared accommodation also constitutes shared household management. If student respondents live in more than one household: Please refer to the household in which you reside most of the time during the semester. If respondents who are no longer students live in more than one household: Please refer to the household at your principal place of residence.»

tg68001 Teacher self-efficacy: Teaching 609 : 32801

You are currently studying with the aim of becoming a teacher or you are about to start a teaching-related Master's degree program. I would like to talk about this study now. In the following, I will read out some statements that refer to the work-related activities of teachers. Please tell me for each statement if it does not apply to you, if it does rather not apply, if it does rather apply or if it does apply. I know that I am able to teach the exam material to even the most problematic students. «Repeat the answer options if necessary. In case of indication that no/too few own lessons have been given, ask to put oneself in the role of a teacher. Select BUTTON 'dna/no Referendariat/not teaching degree course' only if TP states that he/she doesn't study/didn't study for a teaching degree or that he/she doesn't work in the Referendariat or as a teacher.»

tg59110_g1 Online device use: window resolution (JavaScript) 413 : ST_2

[AUTO] Online device usage: Screen resolution (JavaScript) ▹ These variables contain JavaScript based information on the screen size of the device used for survey participation. The capture of screen size (width x height (px)) served to display an appropriate questionnaire layout for the device used. Four breakpoints in width of device (portrait orientation) were used for matching the appropriate layout: 1: < 400px, corresponds to most smartphones; 2: 400-800px, corresponds to most tablets; 3: > 800px, corresponds to most notebook screens or screens for desk top computers; 4: < 800px landscape, corresponds to most smartphones or tablets in landscape orientation. The original information was coded into four categories, representing these breakpoints.

t66505a_g3 Goal orientation: work/vocational training (main categories) 413 : QS1_1

We would now like to ask you a few questions about your goals in life. By goals we mean, on the one hand, changes that you are striving for to improve your current situation. On the other hand, however, we also mean the intention to leave things as they are in order to prevent deterioration. We are interested in the field of work/training as well as in the private and family field. Please state your most important goal for the next 3 years with regard to your !!<u>training or your working life </u>:

[MF] What device did you use to take part in our survey? ▹ These variables contain JavaScript based information on the screen size of the device used for survey participation. The capture of screen size (width x height (px)) served to display an appropriate questionnaire layout for the device used. Four breakpoints in width of device (portrait orientation) were used for matching the appropriate layout: 1: < 400px, corresponds to most smartphones; 2: 400-800px, corresponds to most tablets; 3: > 800px, corresponds to most notebook screens or screens for desk top computers; 4: < 800px landscape, corresponds to most smartphones or tablets in landscape orientation. The original information was coded into four categories, representing these breakpoints. «Please check all that applies.»

tg2608b Type of student employment

609 : 26108b

Please tell me what kind of employment it is. «Please read out the answers options. Employment as a !!student assistant/working student in a company!! (code 1) refers to jobs which are particularly characterised by their relevance to the subject of study and often provide practical knowledge relevant to the subject. Not meant are student !! temporary!! jobs in companies of all kinds (e.g. temporary help in a factory or office). Please use code 3 for this purpose. !!Semi-skilled or unskilled jobs, temporary jobs! (code 3) refer to jobs that can often be described as auxiliary jobs and do not require (extensive) training. Typical examples are: Temporary help in factories, offices, gastronomy or retail trade, (fair)promotion/flyer distribution, babysitting, etc. In contrast to the semi-skilled or unskilled job, a !!qualified employment! (code 5) requires a certain education. This can, for example, be an activity in a profession learned before studying (provided that it was started during studying). !Freelance job!! (Code 6) can also be described as fee job. Typical areas are activities in the art and culture sector, consultancy/coaching, freelance journalism. Special characteristics of these jobs are the payment via fees and employment via work contracts (thus no permanent, dependent employment). A work contract contains a clear task description and the amount of the agreed fee. !!Self-employed activities in your own company!! (code 7) are all self-employed activities, independently of whether it concerns one-man/woman enterprises or self-employed with own employees. Self-employed activities are to be seen in contrast to dependent employment. Please choose code 8 (!!another kind of job!!) only in exceptional cases, if the mentioned activity cannot be classified into the other categories at all.»

tg3607y_g1 Check module: start date (year, edited) 609 : 36107

We want to record each internship individually. Let's start with the first one. From when to when did you do this internship? ▹ **year** «If TP only remembers seasons, please enter the following numbers: 21=Beginning of the year/Winter, 24=Spring/Easter, 27=Mid-year/Summer, 30=Fall, 32=End of the year if (h_studu2 = 1 OR h_studakt <> 1) ATTENTION! Only internships started during the degree course are to be recorded here. If a degree course has been abandoned or temporarily discontinued, internship episodes that start after the degree course was abandoned will be dealt with later in the employment module and not here.»

t733030 Intro Living together with a partner 609 : 28406

Now I would like to talk to you about another subject, namely partnership and children. Both can be very important for the educational and life trajectory. For example, a partnership can influence the choice of place of study or work and provide emotional and financial support. Children are a lot of fun, but their care takes time. That is why we would like to ask you some questions about this topic as well. Let's start with the partnerships. First of all, please tell us whether you have lived with a partner since our last telephone interview in <20101P3(intmPRE/intjPRE>). «If necessary, please point out the confidentiality of the information to the TP with the following text: This information, like all other information, is confidential and will only be evaluated anonymously.»

th32358 Episode update1 for LAT and unmarried couples living together 609 : 28401

Now I would like to talk to you about another subject, namely partnership and children. Both can be very important for the educational and life trajectory. For example, a partnership can influence the choice of place of study or work and provide emotional and financial support. Children are a lot of fun, but their care takes time. That is why we would like to ask you some questions about this topic as well. «In case of questions regarding the name of the partner: This name was requested when the partnership was recorded in the last interview in order to simplify the handling of the interview. In case of contradiction, please point out that a fictitious name may have been named.»

ts15201 Type of vocational training 609 : 24111

What kind of vocational training or academic qualification was/is this? «Please do not read the instructions! If necessary, explain that this means, for example, an apprenticeship, a course of study at a university of applied sciences or university, a doctorate or courses of study (e.g. not a master's degree or Staatsexamen but a course of study at a university). If only studies are indicated, ask about the type of higher education institution (Fachhochschule, university, Berufsakademie/Cooperative state university, university of applied sciences of administration, administrative and business academy). Universities also include higher education institutions of art, music, sports, education, theology, technology or comprehensive universities! Cooperative state universities are successors to the former Berufsakademien. If TP indicates 'retraining', please let the type of retraining be classified exactly (retraining can be: apprenticeship, Berufsfachschule, Fachschule, training courses, courses to acquire licenses). In case of doubt (e.g. with nurses) please ask if it was a company-based (code 1) or school-based (code 2) training.»

ts15201 Type of vocational training 609 : 24111

What kind of vocational training or academic qualification was/is this? «Please do not read the instructions! If necessary, explain that this means, for example, an apprenticeship, a course of study at a university of applied sciences or university, a doctorate or courses of study (e.g. not a master's degree or Staatsexamen but a course of study at a university). If only studies are indicated, ask about the type of higher education institution (Fachhochschule, university, Berufsakademie/Cooperative state university, university of applied sciences of administration, administrative and business academy). Universities also include higher education institutions of art, music, sports, education, theology, technology or comprehensive universities! Cooperative state universities are successors to the former Berufsakademien. If TP indicates 'retraining', please let the type of retraining be classified exactly (retraining can be: apprenticeship, Berufsfachschule, Fachschule, training courses, courses to acquire licenses). In case of doubt (e.g. with nurses) please ask if it was a company-based (code 1) or school-based (code 2) training.»

tx80401 Willingness: Merging data from Federal Employment Agency 609 : 26400

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)? «Contact person's details, e-mail address and telephone number are given in the letter. This consent is of great importance to the analysis of the study. Therefore please answer any questions the target persons may have in a professional, competent manner. A high degree of familiarity with the data protection sheet is vital!»
