1 Preliminary Remarks & Reading Aid

In this codebook all 33 data files from the NEPS Scientific Use File of Starting Cohort 5 (Version 14.0.0, Onsite; doi:10.5157/NEPS:SC5:14.0.0) with a total of 4540 variables are documented. Each chapter starts with an overview of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter >
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «...»
7. table with frequencies
 - a) column 1: value label
 - b) column 2: value
 - c) column 3: absolute frequencies (#)
 - d) column 4-...: absolute frequencies by wave (if possible)
 - e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

t741001 Size of Household (persons)

609 : 32301

I now have a few questions about your household. How many people are currently living in one household with you - including yourself and any children? «If anything is unclear: By this, we mean all the people who live with you and manage the household with you. Note on shared accommodation: Categorization is often more difficult particularly when it comes to shared accommodation. One key issue for determining whether or not shared accommodation constitutes a single household is its joint management. Criteria for this are, e.g. one common purse from which the necessary items for everyday life are paid (rent, telephone and Internet costs, food, washing machine, vacuum cleaner, etc.) !!and!! joint housekeeping (shopping, cleaning, cooking, doing laundry either individually on a task-sharing basis or together, and eating together). Ultimately, the opinion of the respondents is decisive for determining whether the shared accommodation also constitutes shared household management. If student respondents live in more than one household: Please refer to the household in which you reside most of the time during the semester. If respondents who are no longer students live in more than one household: Please refer to the household at your principal place of residence.»

Now I would like to include your place of residence in our questionnaire again. Where do you live today? Please tell me the exact name of this place or the municipality! «Please select place names from the list! If student respondents live in more than one place of residence: Please refer to the place of residence where you live during the semester. If respondents who are no longer studying live in more than one place of residence: Please indicate your primary residence.»

What is your father's [stepfather's/this person's] highest general school-leaving qualification? «Read out the options only if necessary, otherwise assign information accordingly. If 'Fachabitur' (advanced technical college entrance qualification) is specified, please ask whether this qualifies the respondent for admission to a degree course at a 'Fachhochschule' or at a university. If 'Fachhochschule' is specified, assign to category 4, if university is specified, assign to category 5. For qualifications gained abroad, categorize as follows: What is/was the approximate equivalent qualification in Germany?»

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)? «Contact person's details, e-mail address and telephone number are given in the letter. This consent is of great importance to the analysis of the study. Therefore please answer any questions the target persons may have in a professional, competent manner. A high degree of familiarity with the data protection sheet is vital!»

tx80401 Willingness: Merging data from federal employment agency

609 : 26400

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)? «Contact person's details, e-mail address and telephone number are given in the letter. This consent is of great importance to the analysis of the study. Therefore please answer any questions the target persons may have in a professional, competent manner. A high degree of familiarity with the data protection sheet is vital!»

t34001f Reading quantity – profession (minutes)

97 : 32120

In the following we deal with the issues 'reading', 'leisure activities', 'politics' and 'health'. We are interested in this, because these things are associated with education and may influence the course of life. Firstly, as to reading: How much time do you on average spend reading on a working day during your working hours? Please also consider things such as reports, emails, work instructions, newspapers or internet pages. «Please enter '0', if reading does not belong to the professional activity of the respondent. Here all possible reading situations are to be recorded. If TP carries out several professional activities, please indicate total reading time.»

t418000 Language Reading - profession

97 : 32121

And in which language do you read during your working hours? «Read out the answer options. Use categories 3 and 4 ('mostly in another language' or 'only in another language') even if the target person reads in several non-German languages. If the respondent answers 'equally often' here, then please ask about the tendency. If no classification can be found, then please select the button 'equally often German and other language'.»

t417120 Language media use – news on the internet

187 : 32418

In which language do you read the news on the Internet? «Only read out options if necessary. The question should only refer to German and the language of origin if the target person indicates that he/she uses a third, additional language. If TP indicates that he/she mainly or only uses a third language, please select the button 'Mainly/only uses a third language'. If the respondent answers here 'equally often', please ask for their tendency. If no allocation can be made, select the button 'German and language of origin equally often'.»

tg2411a Stud. satisfaction: Enjoy degree course

187 : 32510

Finally, I am interested in how you personally evaluate your current course of study. Please indicate to what extent the following statements apply. You may answer on a scale from 0 to 10. '0' means that the statement does not apply at all, '10' means that it completely applies. You can use the numbers in between to indicate the degree to which the statement applies. I really enjoy the subject I'm studying.

tg2411i Stud. satisfaction: Often tired due to degree course

187 : 32518

[NCS] My course of study often makes me feel tired and exhausted. «If necessary, repeat scale instructions: Please again give your answers on a scale from 0 to 10. '0' means, that the statement does not apply at all, '10' means, that it completely applies. With the figure in between you may graduate your evaluation.»

t430010 Perceived group-specific discrimination: respect

412 : 20142

We're now interested in what experiences you think people of foreign origin make in Germany. To what extent do the following statements apply? In Germany, people of foreign origin are consistently treated with less respect than others. Do you disagree completely, disagree partly, agree partly or agree completely with this statement? «If respondents do not understand the term people of foreign origin: By this we mean both people who have moved to Germany from abroad themselves and people whose parents or families have moved to Germany from abroad.»

t515051 General willingness to take risks

174 : 32700

Let me now briefly turn to another topic. How do you personally assess yourself: Are you, in !!general!!, a person who is willing to take risks or are you trying to avoid risks? Please answer on a scale from 0 to 10. '0' means that you are not willing to take risks at all, '10' means that you are very willing to take risks. You can gradate your answer with the numbers in between.

tg64221 Referendariat: seminar, discussing views

609 : 26508a

Now we come to the situation in the study seminar, which you attend as part of the Referendariat. For each statement, please state again whether it does not apply to you, hardly applies to you, partially applies to you or applies to you completely. We also discuss our different views of the lesson during the seminar. «If TP attends/attended several events at the study seminar: Please give your overall impression for all of the different events. The forms and names of the study seminar vary between German states. It is called a module or vocational training semester, state or school internship seminar, among others. For the following questions, it is irrelevant what the events are called. Only select the button 'not applicable/no seminar' if the TP states that he/she does not attend a study seminar or module or vocational training events or similar.»

Now I would like to talk to you about another subject, namely partnership and children. Both can be very important for the educational and life trajectory. For example, a partnership can influence the choice of place of study or work and provide emotional and financial support. Children are a lot of fun, but their care takes time. That is why we would like to ask you some questions about this topic as well. Let's start with the partnerships. First of all, please tell us whether you have lived with a partner since our last telephone interview in <20101P3(intmPRE/intjPRE)>. «If necessary, please point out the confidentiality of the information to the TP with the following text: This information, like all other information, is confidential and will only be evaluated anonymously.»

t741001 Size of household

609 : 32301

I now have a few questions about your household. How many people are currently living in one household with you - including yourself and any children? «If anything is unclear: By this, we mean all the people who live with you and manage the household with you. Note on shared accommodation: Categorization is often more difficult particularly when it comes to shared accommodation. One key issue for determining whether or not shared accommodation constitutes a single household is its joint management. Criteria for this are, e.g. one common purse from which the necessary items for everyday life are paid (rent, telephone and Internet costs, food, washing machine, vacuum cleaner, etc.) !!and!! joint housekeeping (shopping, cleaning, cooking, doing laundry either individually on a task-sharing basis or together, and eating together). Ultimately, the opinion of the respondents is decisive for determining whether the shared accommodation also constitutes shared household management. If student respondents live in more than one household: Please refer to the household in which you reside most of the time during the semester. If respondents who are no longer students live in more than one household: Please refer to the household at your principal place of residence.»

You are currently studying with the aim of becoming a teacher or you are about to start a teaching-related Master's degree program. I would like to talk about this study now. In the following, I will read out some statements that refer to the work-related activities of teachers. Please tell me for each statement if it does not apply to you, if it does rather not apply, if it does rather apply or if it does apply. I know that I am able to teach the exam material to even the most problematic students. «Repeat the answer options if necessary. If you know that no/too few of your own lessons have been given, ask him/her to put him/herself in the role of the teacher. Select BUTTON 'dna/no Referendariat/no teaching degree' only if TP indicates that he/she is not studying for a teaching degree or is not working as a teacher or as a Referendar.»

t514001 Satisfaction with life

609 : 20500a

I'd like to ask you a few questions about your current level of satisfaction with different aspects of your life. Please answer each question on a scale of 0 to 10. '0' means that you are 'completely unsatisfied', while a '10' means that you are 'completely satisfied.' You can gradate your answer with the numbers in between. How satisfied are you currently with your life, all in all?

How much money do you have at your disposal on average each month during the 2014/2015 winter semester? > Parents, spouse/partner, relatives
 «Please enter an amount for each source of financial support, rounded up to the nearest euro. Select 'no money received/does not apply' if you do not get money from that source or if that source does not apply to you. If you also make your living with irregular income (e.g., earnings from vacation jobs) or from previously earned money (savings, assets), please indicate only the amount of this you use on average each month. Please do not include here any amounts that your parents, your partner or any other persons pay directly to third parties on your behalf (e.g., paying your rent to your landlord). Please indicate these financial contributions in the next question. [if error: You appear to have made a mistake answering the question(s) marked in red. t531030 Indirect financial support from third parties

245 : 95

How much indirect financial support do you receive from others (e.g., parents, partner) on average each month during the 2014/2015 winter semester?
 «Indirect financial support includes, for example, direct payment of your rent to your landlord, purchasing groceries (food and drink), clothing, learning materials, paying the running costs for a car or public transport costs, paying health insurance premiums, medical expenses and medications, paying telephone and internet costs, radio and television license fees, and paying for leisure, cultural, and sports activities. If you cannot specify an exact amount, please estimate. [if error: You appear to have made a mistake answering the question marked in red. Please enter whole numbers only or delete your entry.]»

We would now like to ask you a few questions about your goals in life. By goals we mean, on the one hand, changes that you are striving for to improve your current situation. On the other hand, however, we also mean the intention to leave things as they are in order to prevent deterioration. We are interested in the field of work/training as well as in the private and family field. Please state your most important goal for the next 3 years with regard to your training or your working life:

tg76021 Current contractual weekly working time

728 : ET_12

How many hours per week is your contractually agreed working time in this job? «A mistake seems to have been made while filling in the question. Please enter only numbers between 0 and 90 hours with two decimal places or delete your entry. If no contractually agreed working time is specified or if longer periods of intensive work alternate with periods of few/no working hours, please estimate the average working time of an average working week. Teachers are asked to refer to the total working time, not to the teaching load.»

tg76030 Net income or profit after tax

728 : ET_14

What was your net income for your work last month? Please enter the amount you received after deduction of taxes and social security contributions. If you had special payments in the last month, e.g. holiday pay or back payments, please do not count them. However, if you have been paid overtime, please include this in your calculation. «A mistake seems to have been made while filling in the question. Please enter only whole numbers or delete your entry. If you do not know the exact monthly amount of your net income, please estimate it.»

tg77010 Job satisfaction: type and content of the job

728 : ET_15

[ITEMBAT] ((1)): In the following we would like to ask you some questions about your current satisfaction with various aspects of your employment. How satisfied are you with your employment? In terms of the type and content of your activity? [This refers to the content of your job, the type of your work tasks, e.g. how boring, exciting, appropriate to your abilities.] «Please check the value that applies to you on the scale: If you are completely unsatisfied, the value '0', if you are completely satisfied, the value '10'. You can gradate your answer with the numbers in between. If you have several jobs in parallel, please continue to refer to your main job.»

In the following we would like to ask you some questions about your classes and how you organize them. Think of the experiences you have already had as a (prospective) teacher. How often do you use the following techniques in your classes? I ask questions that cannot be answered spontaneously, but rather force you to think.

Let's start with your first job since <20101P3(intmPRE / intjPRE)>. Was this first job a job that you started while working toward your degree? «Jobs that start during the semester break are also student jobs. Jobs started during an interruption of course of study (e.g. during semester on leave) or after graduation are not student jobs.»

tg2608b Type of student employment

609 : 26108b

Please tell me what kind of employment it is. «Please read out the answers options. Employment as a student assistant/working student in a company! (code 1) refers to jobs which are particularly characterised by their relevance to the subject of study and often provide practical knowledge relevant to the subject. Not meant are student temporary jobs in companies of all kinds (e.g. temporary help in a factory or office). Please use code 3 for this purpose. Semi-skilled or unskilled jobs, temporary jobs! (code 3) refer to jobs that can often be described as auxiliary jobs and do not require (extensive) training. Typical examples are: Temporary help in factories, offices, gastronomy or retail trade, (fair)promotion/flyer distribution, babysitting, etc. In contrast to the semi-skilled or unskilled job, a qualified employment! (code 5) requires a certain education. This can, for example, be an activity in a profession learned before studying (provided that it was started during studying). Freelance job! (Code 6) can also be described as fee job. Typical areas are activities in the art and culture sector, consultancy/coaching, freelance journalism. Special characteristics of these jobs are the payment via fees and employment via work contracts (thus no permanent, dependent employment). A work contract contains a clear task description and the amount of the agreed fee. Self-employed activities in your own company! (code 7) are all self-employed activities, independently of whether it concerns one-man/woman enterprises or self-employed with own employees. Self-employed activities are to be seen in contrast to dependent employment. Please choose code 8 (!another kind of job!) only in exceptional cases, if the mentioned activity cannot be classified into the other categories at all.»

ts31212_g1 Partner: Highest educational qualification (ISCED-97)

609 : 28216

What is your partner's highest general school-leaving qualification? «Read out the options only if necessary, assign information accordingly. If Fachabitur is specified, please ask whether this qualifies the respondent for admission to higher education at a university of applied sciences or at a university. If university of applied sciences is specified, assign to category 4, if university is specified, assign to category 5. For qualifications gained abroad, assign as follows: What would have been the approximate equivalent of this leaving qualification in Germany?»

t733030 Intro Living together with a partner

609 : 28406

Now I would like to talk to you about another subject, namely partnership and children. Both can be very important for the educational and life trajectory. For example, a partnership can influence the choice of place of study or work and provide emotional and financial support. Children are a lot of fun, but their care takes time. That is why we would like to ask you some questions about this topic as well. Let's start with the partnerships. First of all, please tell us whether you have lived with a partner since our last telephone interview in <20101P3(intmPRE/intjPRE>). «If necessary, please point out the confidentiality of the information to the TP with the following text: This information, like all other information, is confidential and will only be evaluated anonymously.»

What kind of training or academic qualification was/is this? «Please do not read out the options! If necessary, explain that this refers, for example, to an apprenticeship, a course of study at a university of applied sciences or university, a doctorate or even training courses (e.g. not Master or Staatsexamen but studies at a university). If only studies are indicated, ask about the type of higher education institution (Fachhochschule, university, Berufsakademie/cooperative state university, university of applied sciences of administration, administrative and business academy). Universities also include higher education institutions of art, music, sports, education, theology, technology or comprehensive universities! Cooperative state universities are successors to the former Berufsakademien. If TP indicates 'retraining', please let the type of retraining be classified exactly (retraining can be: apprenticeship, Berufsfachschule, Fachschule, training courses, courses to acquire licenses). In case of doubt (e.g. with nurses) please ask if it was a company-based (code 1) or school-based (code 2) training.»

What kind of training or academic qualification was/is this? «Please do not read out the options! If necessary, explain that this refers, for example, to an apprenticeship, a course of study at a university of applied sciences or university, a doctorate or even training courses (e.g. not Master or Staatsexamen but studies at a university). If only studies are indicated, ask about the type of higher education institution (Fachhochschule, university, Berufsakademie/cooperative state university, university of applied sciences of administration, administrative and business academy). Universities also include higher education institutions of art, music, sports, education, theology, technology or comprehensive universities! Cooperative state universities are successors to the former Berufsakademien. If TP indicates 'retraining', please let the type of retraining be classified exactly (retraining can be: apprenticeship, Berufsfachschule, Fachschule, training courses, courses to acquire licenses). In case of doubt (e.g. with nurses) please ask if it was a company-based (code 1) or school-based (code 2) training.»

tx80401 Willingness: Merging data from federal employment agency

609 : 26400

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)? «Contact person's details, e-mail address and telephone number are given in the letter. This consent is of great importance to the analysis of the study. Therefore please answer any questions the target persons may have in a professional, competent manner. A high degree of familiarity with the data protection sheet is vital!»
