1 Preliminary Remarks & Reading Aid

In this codebook all 26 data files from the NEPS Scientific Use File of Starting Cohort SC5 (Version 3.1.0, Onsite; doi:10.5157/NEPS:SC5:3.1.0) with a total of 2208 variables are documented. Each chapter starts with an overview of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

Diagram illustrating the structure of a variable entry in a codebook, with labels pointing to specific parts:

- 1. question
- 2. variable name
- 3. variable label
- 4. questionnaire
- 5. question number
- 6. interview instruction
- a) value labels
- b) values
- c) absolute frequencies
- d) absolute frequencies by wave
- e) slanted: missing values

Label	Code	#	by wave	
			1	3
not specified	0	22852	13581	9271
specified	1	3	2	1
<i>Refused</i>	-97	1	1	0
<i>Don't know</i>	-98	7	2	5
<i>system missing value</i>	.	8164	4327	3837

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter ►
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «...»
7. table with frequencies
 - a) column 1: value label
 - b) column 2: value
 - c) column 3: absolute frequencies (#)
 - d) column 4-...: absolute frequencies by wave (if possible)
 - e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

t741001 Size of Household (persons)

97 : 32301

Now let's briefly deal with your household. How many persons are currently living together with you in one household - yourself and eventually including the children?
 «Upon uncertainties: With this all persons are meant, who live and keep house together with you. If respondents who are doing university studies live in more than one household: Please refer to that household, where you predominantly live during the semester. If respondents, who do not study any more, live in more than one household: Please refer to the household at your principal place of residence.»

We now deal with the history of your gainful activities. In the following I would like to review with you all professional activities, that you were pursuing since <intmPRE/intjPRE>. Have you ever been pursuing a gainful activity since <intmPRE/intjPRE>? «On the one hand, student internships or holiday jobs as a pupil are not meant, whereas on the other hand internships after dropping out of studies or during an interruption of university studies are always meant. Here, student gainful activities including activities as student assistant or student trainee as well as holiday jobs during semester break shall be recorded.»

Let us start with the first activity, that you were carrying out since <intmPRE/intjPRE>. Is the first activity that you started ever since a gainful activity, that you started during your university studies? «Also gainful activities, that were started during the non-lecture period are student gainful activities. Gainful activities, that are started during an interruption of studies (e.g. holiday semester) or after completion of university are not student gainful activities.»

For educational choices the family background such as partnership and children are of great importance, e.g. for the choice of the university town. That is why we like to ask you questions concerning this issue. Firstly, tell me, if you were living together with a partner since the start of your studies in autumn 2010. «If necessary please point out the confidentiality of the information to TP with the following text: These information, like all other information, are confidential and will only be analysed anonymously.»

I now want to ask you about your apprenticeships and I would like to begin with the studies you started in autumn 2010. Since we are especially interested in your career after starting this studies and since the German system of university studies is very elaborate, I would like to record your educational career in details starting from this time point. In <abstmPRE/abstjPRE> you have studied <abhsIPRE> and you have been in the first semester. «In case of inconsistency: The first institution of higher education is meant, in which the TP was enrolled in autumn 2010 in Germany. It is possible the change of university took place shortly after that, since admission to the favourite university was granted. These studies will be recorded in the next episode.»

What kind of apprenticeship was/is it? «Please do not read out options! In cases of doubt (e.g. with nurses) please make sure, if it was company (Code 1) or scholar (Code 2) training. If only university studies will be indicated, please ask about the kind of institution of higher education (Fachhochschule, university, Berufsakademie/cooperative state universities, college of public administration, academy of administration and business). University also means art, music, sport colleges, pedagogical, theological colleges, technical universities or Gesamthochschule [combination of university and university of applied sciences]! Cooperative state universities are currently only to be found in Baden-Württemberg; they are successors of the former Berufsakademie [university of cooperative education] in Baden-Württemberg. If TP indicates 'retraining', please have him/her exactly identify type of retraining (retraining measures may be: apprenticeship, Berufsfachschule, vocational school, training courses, classes to acquire specified licences).»

From when to when did you do this apprenticeship? «In case that apprenticeship was interrupted, please record whole period of time. [24111=6-10] Each change of subject, change of university or change of leaving qualification which is intended next (e.g. from bachelor to master or from teaching at elementary school to teaching at Gymnasium [type of school leading to upper secondary education and Abitur]) will be recorded in a new episode. If target person only remembers seasons of the year, please enter the following numbers: 21=beginning of year/winter, 24=spring/Easter, 27=middle of year/summer, 30=autumn, 32=end of year. If TP only indicates semester, ask for the season.»
