1 Preliminary Remarks & Reading Aid

In this codebook all 30 data files from the NEPS Scientific Use File of Starting Cohort SC5 (Version 8.0.0, Onsite; doi:10.5157/NEPS:SC5:8.0.0) with a total of 3500 variables are documented. Each chapter starts with an overview of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

2. variable name 3. variable label 4. questionnaire 5. question number

1. question

b) values

a) value labels

6. interview instruction

d) absolute frequencies by wave

e) slanted: missing values c) absolute frequencies

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter >
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «...»
7. table with frequencies
 - a) column 1: value label
 - b) column 2: value
 - c) column 3: absolute frequencies (#)
 - d) column 4-...: absolute frequencies by wave (if possible)
 - e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

t741001 Size of Household (persons)

187 : 33424

I now have a few questions about your household. How many people are currently living in one household with you - including yourself and any children? «If anything is unclear: By this, we mean all the people who live with you and manage the household with you. Note on shared accommodation: Categorization is often more difficult particularly when it comes to shared accommodation. One key issue for determining whether or not shared accommodation constitutes a single household is its joint management. Criteria for this are, e.g. one common purse from which the necessary items for everyday life are paid (rent, telephone and Internet costs, food, washing machine, vacuum cleaner, etc.) !!and!! joint housekeeping (shopping, cleaning, cooking, doing laundry either individually on a task-sharing basis or together, and eating together). Ultimately, the opinion of the respondents is decisive for determining whether the shared accommodation also constitutes shared household management. If student respondents live in more than one household: Please refer to the household in which you reside most of the time during the semester. If respondents who are no longer students live in more than one household: Please refer to the household at your principal place of residence.»

t30245a Job market benefits of Bachelor's degree: Salary

187 : 24220

We are now interested in your opinion on the benefits of various degrees. Where we talk about a 'Master's degree' in the following, this also includes other degrees equivalent to a Master's degree, e.g. a university Diplom or state examination. First of all, we are interested in what benefits you think your Bachelor's degree from an institute of higher education will have for your future job. How good are the chances of getting a well-paid job if you have a Bachelor's degree? «Read out options.»

In which language do you watch TV programs? «Only read out options if necessary. The question should only refer to German and the language of origin if the target person indicates that he/she uses a third, additional language. If TP indicates that he/she mainly or only uses a third language, please select the button 'Mainly/only uses a third language'. If the respondent answers here 'equally often', please ask for their tendency. If no allocation can be made, select the button 'German and language of origin equally often'.»

tg2411a Stud. satisfaction: Enjoy degree course

187 : 32510

Finally, I am interested in how you personally evaluate your current degree course. Please indicate to what extent the following statements apply. You may answer on a scale from 0 to 10. '0' means that the statement does not apply at all, '10' means that it completely applies. You can use the numbers in between to indicate the degree to which the statement applies. I really enjoy the subject I'm studying.

tf11101 Intro schools 1

244 : 22105a

Since <20101P3(intmPRE / intjPRE)> have you attended a school leading to a general education qualification? By this we mean, for example, a leaving certificate of the Realschule or the Abitur. In this case we do **!!not!!** mean vocational schools which you have attended in the context of career preparations or vocational training which you have already mentioned.

«if (h_etappe = 7, 8) Record only those schools here that (also) lead to a general school-leaving qualification (i.e. leaving certificate of the Hauptschule [school for basic secondary education], leaving certificate of the Realschule [intermediate secondary school], Fachhochschulreife [entrance qualification for universities of applied sciences] or Abitur [university entrance qualification]). General school-leaving qualifications (e.g. leaving certificate of the Hauptschule, leaving certificate of the Realschule, Fachhochschulreife, Abitur) are not qualifications for a profession. if (h_etappe = 6) If necessary, give additional or more precise examples: For example, a Fachoberschule [vocational school at upper secondary level leading to the entrance qualification for universities of applied sciences], a vocational Gymnasium [type of school leading to upper secondary education and Abitur], a vocational college, a Berufsoberschule [vocational school at upper secondary level] or an upper-level commercial school.»

Have you acquired a general school-leaving certificate or have been awarded one since <20101P3(intmPRE / intjPRE)> (for example, by taking an external examination or by reaching grade 11 of the Gymnasium)? «Participants of an external exam are those who have not taken preparatory classes for the achievement of the respective school-leaving certificate but who have prepared independently or by means of other classes. General school leaving certificates are e.g. the leaving certificate of the Hauptschule, leaving certificate of the Realschule, Fachhochschulreife or Abitur; they are not a professional qualification.»

t32461n Retrospective social capital - job info: Colleagues

244 : 26321

In our last telephone survey in <20101P3(intmPRE / intjPRE)> we asked you questions about whether people from your personal environment could help you to find a new job. Now we would like to know whether, since then, anybody from your personal environment has actually given you help of this kind. It makes no difference whether you actually took a new job or not. Has anybody from the following groups informed you about vacant positions in Germany since <20101P3(intmPRE / intjPRE)>? > Your (former) work colleagues «Multiple answers possible. Assign TP's answers to the list; read out list options only in case of problems. Please assign other acquaintances (e.g., neighbors, acquaintances) to this remainder category.»

I'd now like to talk to you about the topic of partnership and children. Both can be of major importance for your education and life in general. A partnership can influence the decision on where to study or offer emotional and financial support. And although children bring joy, looking after them can be very time-consuming. Therefore we would also like to ask you some questions about these issues. Let's begin with partnerships. We would like you to tell us first of all if you have lived with a partner since our last telephone interview in <20101P3(intmPRE/intjPRE>. «If necessary please point out the confidentiality of the information to TP with the following text: This information, like all other information, is confidential and will only be analyzed anonymously.»

t741001 Size of household

244 : 32301

I now have a few questions about your household. How many people are currently living in one household with you - including yourself and any children? «If anything is unclear: By this, we mean all the people who live with you and manage the household with you. Note on shared accommodation: Categorization is often more difficult particularly when it comes to shared accommodation. One key issue for determining whether or not shared accommodation constitutes a single household is its joint management. Criteria for this are, e.g. one common purse from which the necessary items for everyday life are paid (rent, telephone and Internet costs, food, washing machine, vacuum cleaner, etc.) !!and!! joint housekeeping (shopping, cleaning, cooking, doing laundry either individually on a task-sharing basis or together, and eating together). Ultimately, the opinion of the respondents is decisive for determining whether the shared accommodation also constitutes shared household management. If student respondents live in more than one household: Please refer to the household in which you reside most of the time during the semester. If respondents who are no longer students live in more than one household: Please refer to the household at your principal place of residence.»

The following section deals with internships during the degree course. Have you at any time since <20101P3(intmPRE / intjPRE)> successfully completed an internship that you started during your degree course? «This does not refer to laboratory internships, demonstration and experimental internships or similar that can be mainly found in natural science or engineering degree courses and are offered as teaching sessions as part of the degree course. if (h_studu2=1 OR h_studakt<>1) ATTENTION! Only internships started during the degree course are to be recorded here. If a degree course has been abandoned or temporarily discontinued, internship episodes that start after the degree course was abandoned will be dealt with later in the employment module and not here.»

tg2608b Type of student employment

244 : 26108b

Please tell me, what kind of activity it is. «Please read out options. Work as !!student assistant/student employee in a company!! (code 1) does not include temporary student jobs in all sorts of companies. Jobs in this category are characterized in particular by their relevance to the field of study, and often teach subject-relevant practical skills and are most frequently pursued by engineering students. !!Semi-skilled/unskilled work, temporary jobs!! (code 3) are jobs that are often described as temporary work in an assisting capacity that do not require any (extensive) training. Typical examples are: Temping in factories, offices, gastronomy or retail, distributing (trade fair) ads/flyers, babysitting, etc. Compared to semi-skilled/unskilled work, !!qualified non-self-employed work!! (code 5) requires a certain level of training. This may, for example, be a job in a profession pursued before the degree course was started (provided this job was started during the degree course). !!Freelance work, self-employed work!! (code 6) can also be termed contract employment. Typical areas are jobs in the arts and culture industry, advisory services/coaching, free journalism. The payment of fees and employment on the basis of contracts for work and services (i.e. no permanent dependent employment) are particular characteristics of these types of jobs. A contract for work and services stipulates the specific job description and the amount of the agreed fee. !!Self-employed work in own company!! (code 7) should include all self-employed work irrespective of whether this is a one-man/one-woman business or self-employed persons with their own employees. Self-employed work is to be distinguished from dependent employment. Please select code 8 (!!another type of occupation!!) only in exceptional cases if the occupation indicated cannot be assigned to any of the other categories.»

I'd now like to talk to you about the topic of partnership and children. Both can be of major importance for your education and life in general. A partnership can influence the decision on where to study or offer emotional and financial support. And although children bring joy, looking after them can be very time-consuming. Therefore we would also like to ask you some questions about these issues. Let's begin with partnerships. We would like you to tell us first of all if you have lived with a partner since our last telephone interview in <20101P3(intmPRE/intjPRE>. «If necessary please point out the confidentiality of the information to TP with the following text: This information, like all other information, is confidential and will only be analyzed anonymously.»

I'd now like to talk to you about the topic of partnership and children. Both can be of major importance for your education and life in general. A partnership can influence the decision on where to study or offer emotional and financial support. And although children bring joy, looking after them can be very time-consuming. Therefore we would also like to ask you some questions about these issues. Let's begin with partnerships. In our last interview in <20101P3(intmPRE/intjPRE> we noted that you were married to and living with <28109> at that time. «In case of questions about the partner's name: This was asked while recording the information on partnerships in the last interview to simplify the interview.
