1 Preliminary Remarks & Reading Aid

In this codebook all 35 data files from the NEPS Scientific Use File of Starting Cohort 6 (Version 12.0.0, Onsite; doi:10.5157/NEPS:SC6:12.0.0) with a total of 3423 variables are documented. Each chapter starts with an overview of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter ▶
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «...»
7. table with frequencies
 - a) column 1: value label
 - b) column 2: value
 - c) column 3: absolute frequencies (#)
 - d) column 4-...: absolute frequencies by wave (if possible)
 - e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

2. variable name 3. variable label 4. questionnaire 5. question number

1. question

6. interview instruction

b) values

a) value labels

e) slanted: missing values

c) absolute frequencies

d) absolute frequencies by wave

t741001 Size of Household (persons)

715 : 32301

Now a few questions about your household. How many persons are currently living with you in one household - including yourself and the children? «(if h_cohort = 6) In case of uncertainty: This refers to all persons who live and run the household together with you. (if h_cohort = 4) In case of uncertainty as to who belongs to the household: this refers to all persons who live and run the household together with you. If it is unclear whether your own household or that of your parents is meant, if you already have your own household: the questions refer to your own household.»

Now let's continue with the second task booklet. This task booklet is about numbers and calculating. People often deal with numbers in everyday life: For example to compare prices at the supermarket or reading statistics in journals. On the following pages, you will find different situations from everyday life on which the exercises are based. You have half an hour in total to work on all exercises. Please try to work on the exercises without interruption. I will read the instructions on page 3 to you so that you know how to work on the exercises. Please open the task booklet and read along. «Take out the Numeracy task booklet, write person ID on cover page. Hand out task booklet and calculator. The instructions for Numeracy/Mathematics and Reading are identical, i.e. exercise formats and contents that are only included in the Reading task booklet are also explained in the Numeracy task booklet. [T1106=2] Convince target person of the importance to work on the next task booklet nevertheless. Use, if necessary, the argument that it is something completely different. It is not about speed anymore, and also the topic is a different one: Numbers and calculation. »»

First, we would like to give you a few clues to fill out the task booklet. • Please read the texts or the exercises carefully and then answer the pertaining questions. You may always look up information in the text! • There are four types of questions. In the following you will see how you can answer these questions. 1. There are questions for which we give you several answer options out of which only one is correct. Please clearly tick the box next to the correct answer in case of these questions. Now please look at the respective example on page 3 (top). 2. In case of another question type, you need to decide for different statements whether each of them is true or false. Therefore, please tick in each line either 'yes' (or 'true' or 'right') or 'no' (or 'false' or 'not correct'). Now look at the respective example on page 3 (bottom). 3. For some questions, you should match different headlines with paragraphs or put results in the right order. Therefore, you need to put the right letters in the respective fields. Please have a look at the pertaining example on page 4 (top). 4. If there is a solution field, please insert your solution in it ! Now look at the respective example on page 4 (bottom). • If you wish to correct your solution at some point, clearly paint over the wrong cross or the wrong answer. Then, thicken the correct solution anew and/or write a new result in the solution fields ! Please have a look at the respective example on page 5. • Please work on the texts and questions in the order given in the task booklet. • In case you are not able to answer a certain question, simply continue with the next question. If there is still time at the end, you can of course go back to the skipped questions. Some of the questions are rather easy and others rather difficult; hence, you will probably not be able to answer all questions. Please do not be confused, hardly anyone is able to answer all questions. It is important that you also try to answer difficult questions as well as possible. You may also use the calculator for the questions. Should you be ready prior to the end of the given time, you have the possibility to check your solutions once again. Then, please let me know that you have arrived at the STOP page (page 27). Do you have any further questions? ««Answer questions on instructions if necessary. In case of questions on the calculator, please only show where certain keys are located, do not explain all functions. If the interviewee refuses to read the instructions carefully: Try to convince the target person. Only enter the code 2 if the target person categorically insists on it in spite of all your objections.»»

Now let's talk about the second task booklet. This task booklet is about reading. In everyday life, there are many different occasions and opportunities to read, e.g. reading newspapers, journals, information brochures or websites. Everywhere people can inform themselves, learn interesting things or simply read for pleasure. On the following pages you find five different texts and questions about them. For all texts and questions, you have half an hour in total to work on them. Please try to work on the task booklet without interruption. I will read the instructions from page 3 to you so that you know how to answer the questions. Please open the task booklet and read along. «Take out reading task booklet, insert person ID on cover page. Distribute task booklet. [T1106=2] Convince the target person of the importance to work on this task booklet even if the reading speed task booklet has not been worked on. If needed, use the argument that it is something completely different: It is not about speed anymore but about comprehension of longer texts.»

First, we would like to give you a few clues to fill out the task booklet. • Please read the texts or the exercises carefully and then answer the pertaining questions. You may always look up information in the text! • There are four types of questions. In the following you will see how you can answer these questions. 1. There are questions for which we give you several answer options out of which only one is correct. Please clearly tick the box next to the correct answer in case of these questions. Now please look at the respective example on page 3 (top). 2. In case of another question type, you need to decide for different statements whether each of them is true or false. Therefore, please tick in each line either 'yes' (or 'true' or 'right') or 'no' (or 'false' or 'not correct'). Now look at the respective example on page 3 (bottom). 3. For some questions, you should match different headlines with paragraphs or put results in the right order. Therefore, you need to put the right letters in the respective fields. Please have a look at the pertaining example on page 4 (top). 4. If there is a solution field, please insert your solution in it ! Now look at the respective example on page 4 (bottom). • If you wish to correct your solution at some point, clearly paint over the wrong cross or the wrong answer. Then, thicken the correct solution anew and/or write a new result in the solution fields ! Please have a look at the respective example on page 5. • Please work on the texts and questions in the order given in the task booklet. • In case you are not able to answer a certain question, simply continue with the next question. If there is still time at the end, you can of course go back to the skipped questions. Some of the questions are rather easy and others rather difficult; hence, you will probably not be able to answer all questions. Please do not be confused, hardly anyone is able to answer all questions. It is important that you also try to answer difficult questions as well as possible. You may also use the calculator for the questions. Should you be ready prior to the end of the given time, you have the possibility to check your solutions once again. Then, please let me know that you have arrived at the STOP page (page 31). Do you have any further questions? ««Answer questions on instructions if necessary. If the interviewee refuses to read the instructions: Try to convince the target person. Only enter the code 2 if the target person categorically insists on it in spite of all your objections.»»

Now let's continue with the last task booklet. This task booklet is about numbers and calculating. People often deal with numbers in everyday life: For example to compare prices at the supermarket or reading statistics in journals. On the following pages, you will find different situations from everyday life on which the exercises are based. You have half an hour in total to work on all exercises. Please try to work on the exercises without interruption. Please open the task booklet on page 3. As you can see, there are again the same types of exercises that you have already worked on just before. The general instructions are the same as we have explained them before in the Reading task booklet. Again, some questions will be rather difficult and others rather easy and hardly anyone will be able to answer all questions. However, it is important that you also try to answer the difficult questions as well as possible. **Do you have any further questions?** «Take out booklet Numeracy, insert person ID on cover page. Distribute task booklet and calculator. [T1202<>2] If necessary, answer questions about the instructions. In case of questions about the calculator, please only show where certain keys are located; do not explain all functions. The instructions are identical for Reading and Numeracy, i.e. in the Numeracy task booklet, only exercise formats and contents that are also included in the Reading task booklet are explained. Hence, the instructions do not necessarily have to be repeated for the second task booklet. [T1202=2 OR T1203=2]: Convince the target person of the importance to work on this task booklet, even if the Reading task booklet has not been worked with. If necessary, use the argument that it is something completely different: It is not about comprehension of longer texts anymore but about numbers and calculating.»

A particular focus of our study is knowledge of scientific topics and of computer and internet applications. We all have acquired this knowledge and use it frequently, but to different degrees. We are particularly interested in how important this knowledge actually is for different life paths. I would now like to present you with two task booklets. In the booklets you are asked to complete tasks on the mentioned topics.

Label	Code	by wave				
		#	3	5	7	9
continue with task booklet(s)	1	17375	7296	10079	0	0

<i>Missing by design</i>	-54	15682	0	0	9131	6551

We now come to the first task booklet. This book is on science. Scientific topics often crop up in everyday life: For example in matters relating to the environment, health or technology. Some questions will be quite difficult and some quite easy and hardly anyone will be able to answer all the questions. It is important however that you try to answer even the difficult questions to the best of your ability. In order to know how to work on the exercises, open the book on page 2.

Now let's talk about the first task booklet. As you know, sometimes we have to read very accurately and slowly, sometimes rather fast. Our first task booklet is about reading speed. If you normally wear glasses, you should also wear them now.

Label	Code	by wave				
		#	3	5	7	9
continue to the next screen page	1	10565	7296	3269	0	0
<i>Missing by design</i>	-54	15682	0	0	9131	6551
<i>system missing value</i>	.	7041	70	6971	0	0

In this task booklet you find a series of phrases. The content of the phrases is not always correct. It is your task to indicate for each phrase whether it is correct or false by ticking boxes. You may find the phrases pretty easy, sometimes also funny. But please do not think too much about the content of the phrases. What matters during reading is rather speed and less knowledge. To explain you the task, let us look at the two examples on page 3 together. I will read the examples aloud, please read along silently. Please continue to page 3 now!

Label	Code	by wave

continue to the next screen page	1	10565	7296	3269	0	0
<i>Missing by design</i>	-54	15682	0	0	9131	6551
<i>system missing value</i>	.	7041	70	6971	0	0

Example 1: There is no school during the Christmas vacation. You see two boxes behind the phrase. If a phrase is true, please tick the left box, if it is false, please tick the right box. Now what would you tick for this phrase? **Example 2:** Cats and mice are part of the family of fish. If you have ticked the false answer once, simply paint over the wrong cross clearly and then tick the correct solution again. The ticking does not have to look very beautiful but it should be done quickly. There are many such phrases on the next two pages. Please work through the phrases as explained just before. If you are done with one page, go directly to the next page. You have two minutes in total. Please read accurately and try to work on as many phrases as possible.

Now let's talk about the second task booklet. This task booklet is about reading. In everyday life, there are many different occasions and opportunities to read, e.g. reading newspapers, journals, information brochures or websites. Everywhere people can inform themselves, learn interesting things or simply read for pleasure. On the following pages you find five different texts and questions about them. For all texts and questions, you have half an hour in total to work on them. Please try to work on the task booklet without interruption. I will read the instructions from page 2 to you so that you know how to answer the questions. Please open the task booklet and read along.

Label	Code	by wave				
		#	3	5	7	9

<i>Missing by design</i>	<i>-54</i>	<i>15682</i>	<i>0</i>	<i>0</i>	<i>9131</i>	<i>6551</i>
<i>system missing value</i>	<i>.</i>	<i>12517</i>	<i>5546</i>	<i>6971</i>	<i>0</i>	<i>0</i>

First, we would like to give you a few notes to fill out the task booklet. • Please read the texts or the exercises carefully and then answer the relevant questions. You may always look up information in the text! • There are three types of questions. In the following you will see how you can answer these questions. 1. There are questions for which we give you several answer options out of which only one is correct. Please clearly tick the box next to the correct answer in case of these questions. Now please look at the respective example on page 2 (top). 2. In case of another question type, you need to decide for different statements whether each of them is true or false. Therefore, please tick in each line either 'yes' (or 'true' or 'right') or 'no' (or 'false' or 'not correct'). Now look at the respective example on page 2 (bottom). 3. For some questions, you should allocate different headlines to paragraphs or put results in the right order. Therefore, you need to put the right letters in the respective fields. Please have a look at the pertaining example on page 3 (top). • If you wish to correct your solution at some point, clearly paint over the wrong cross or the wrong answer. Then, tick the correct solution anew and/or write a new result in the solution fields ! Please have a look at the respective example on page 3. • Please work on the texts and questions in the order given in the task booklet. • In case you are not able to answer a certain question, simply continue with the next question. If there is still time at the end, you can of course go back to the skipped questions. Some of the questions are rather easy and others rather difficult; hence, you will probably not be able to answer all questions. Please do not be confused, hardly anyone is able to answer all questions. It is important that you also try to answer difficult questions as well as possible. You have 28 minutes to work on the task booklet. Should you be ready prior to the end of the given time, you have the possibility to check your solutions once again. Then, please let me know that you have arrived at the STOP page (page 29). Do you have any further questions?

I am about to give you the computer. Please follow the instructions on the screen. The program is going to lead you through the various tasks. First, you will see an instruction, which will give you an idea of how to work on the following tasks. First, you will have a maximum of 28 minutes for the everyday life mathematics tasks. Afterwards, you will have another 28 minutes to work on five short texts and the corresponding questions. Please note that in the reading tasks you may return to the respective text. You may use a pen and scrap paper for the mathematics tasks. Please return those after the mathematics section of the test. If you have further questions concerning the proceedings or technical problems, I am glad to help you. If you usually wear glasses for reading or require a hearing aid, you should use these now, too. If you want to get a glass of water or anything else, then please do so now. If there is nothing you require now, then we would like to start.

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)? «Instructions, e-mail address and number of the contact person are in the cover letter. The consent is of great importance for the evaluation of the study, therefore please answer all questions of the target persons competently and confidently. Intensive knowledge of the data protection sheet is key!»

th09241 Financial contributions last 12 months

53 : 32326

Many people give others gifts or money, or help others - for instance, their parents, children, grandchildren, relatives or friends. Have you, in the last twelve months, helped someone within or outside your household out by giving them money or gifts worth at least 250 euro? Please do not consider free food or accommodation here. ««This question refers to both cash contributions and the assumption of specific costs; e.g., for medical care, insurance, training, or down payments for property purchases, as well as donations. Loans and inheritance do not count here.»»

From time to time, most people discuss important matters with others. These people can, of course, be people with whom you occasionally have arguments or conflicts. If you look back at the last six months, have there been any people with who you have discussed such important matters?

t31300d Generalized attitude towards education - school education lost time

151 : 80054

The following statements relate to what value you personally place on education and profession. For example, many people on principle consider a high level of education to be absolutely essential, others are less convinced. How strongly do you agree with the following statements? Staying in school for many years is a waste of time.

Label	Code	#	by wave

t31371a Generalized attitude further education – necessity additional qualifications

151 : 80068

So far we have talked about courses and training programs. However, in your working life you can also acquire another educational or vocational qualifications, e.g. leaving certificate of the Realschule, the Abitur, a vocational qualification, master craftsman's/craftswoman's examination or a higher education qualification. How strongly do you agree with the following statements on this subject? Even if you already have a profession, you should still acquire additional qualifications.

t527003 Chronic stress: activity without fun

390 : 20350

The following relates to your personal situation in general. Please consider all areas of your life. To what extent do the following statements apply to you?
Generally, if an activity is no fun for me, I don't have to do it.

Label	Code	#	by wave											
			1	2	3	4	5	6	7	8	9	10	11	12

t320705 Expectations Partner 1

438 : 28500a

I would now like to ask you two questions about the expectations your partner has of you. Please answer the questions to the best of your ability, even if you are not too sure about the answer. If your partner has no expectations, just say 'has no expectations'. 1. How important is it to your partner that you get ahead in your career? Does your partner consider it very important, rather important, partly important, rather unimportant or very unimportant?

Label	Code	#	by wave

t320105 Friends: Expectations 1

438 : 32402a

I would now like to ask you a few questions about the expectations your close friends have on you. Please answer the questions as well as you can, even if you are not sure. If your close friends have no expectations, just say 'have no expectations'. How important is it to your close friends that you get to the top of your career? Is this very important for your close friends, rather important, partly important, rather unimportant or completely unimportant?

Label	Code	#	by wave

In our society there are many opportunities to participate in different areas. We are interested in whether you actively participate, for example in an association or in an organization. Think, for example, of sports clubs, political parties, trade unions or congregations. Have you !!actively!! participated in one or more areas in the last 12 months, that is from <intm/(intj-1)> until today?

There are many different associations and organizations. Think, for example, of the voluntary fire department and rescue services, carnival clubs or charities. Have you been **!!actively!!** involved in one or several of these areas during the last 12 months, i.e. from <intm/(intj-1)> which you have not mentioned yet?

In addition, you can also work on projects, and assist with initiatives or self-help groups. This includes, for example, citizens' initiatives and citizens' clubs, parents' associations, theater and music groups or initiatives for the unemployed. Have you been !!actively!! involved in one or more areas since the last interview, i.e. between <intmPRE/intjPRE> and the present, that you have not yet mentioned?

To what extent the following statements apply to you can be graded with numbers from 0 to 10. 0 means that the statement does not apply to you at all, 10 means that it does apply completely. You can gradate with the numbers in between. If obstacles get in my way, I will not give up until I have overcome them.

t67001a Persistence in pursuing goals: The more difficult a goal is...

482 : 24350

The following statements refer to situations in which you cannot realize your wishes, goals or plans in the way you would like to. Please tell me for each one of them whether the statement does not apply at all, rather not apply, partly apply, rather apply or completely apply to you. The more difficult a goal is to achieve, the more desirable it often seems to me.

t34001f_g1 Reading quantity - profession: hours

85 : 32120

How much time do you spend reading on an average workday during your working hours? Please also think of things like reports, e-mails, work instructions, newspapers or online texts. ««Please insert '0' if reading is not part of the interviewee's professional activity. Here, all possible reading opportunities shall be indicated. If the interviewee exercises several professional activities, please indicate total reading time.»»

I would like to ask you some questions about democracy. There are no right or wrong answers. Please tell me what you think personally. How important you think is it for democracy in general that the elections of the national parliament are free and fair? Please answer on a scale from 0 to 10. ,0' means 'not at all important for democracy in general' and ,10' means 'extremely important for democracy in general'. You can gradate your answer with the numbers in between.

t516401 Understanding of Democracy: Criticism opposition

482 : 32162

And how important you think is it for democracy in general, that opposition parties are free to criticise the government? «Repeat scale if necessary.»

t514001 Satisfaction with life

715 : 20110a

First of all, I would like to ask you some questions about your current satisfaction with various aspects of your life. Please answer on a scale from 0 to 10. '0' means that you are ,completely unsatisfied', '10' means that you are ,completely satisfied'. You can gradate your answer with the numbers in between. All in all, how satisfied are you with your life at the moment?

t515051 Willingness to take risks in general

715 : 20112

How do you personally assess yourself: Are you, in !!general!!, a person who is willing to take risks or are you trying to avoid risks? Please answer on a scale from 0 to 10. '0' means that you are not willing to take risks at all, '10' means that you are very willing to take risks. With the numbers in between, you can adjust your assessment.

t42805x Select country of birth Mother or country of birth Father

715 : 20230b

In a previous interview you told us that your mother and father were born in different countries. Which country do you feel more connected to, your mother's country of birth, <20220P4>, or your father's country of birth, <20220P5>? «If there is no difference in the connection to both countries, please record the country that the respondent knows better. If 'don't know', please select the country of birth of the mother.»

Label	Code	#	by wave											
			1	2	3	4	5	6	7	8	9	10	11	12
Country of birth of the mother: <20220P4(LABEL)>	1	84	0	0	0	28	29	0	0	14	0	0	0	13

If you compare your job as <h_etauswahl> today and two years ago, you are using networked digital technologies today ... «Some examples of networked digital technologies are online platforms, e-mails, tablets, cloud services and self-controlled or self-learning computer systems. Do not read aloud: If the respondent has changed his/her job in the last two years, compare the position two years ago with the current one. If the respondent was not employed two years ago, please select 'not employed two years ago'.»

So far, our questions about digitalization have mainly concerned the use of networked digital technologies. But we are also interested in another aspect: !!the automatization of work processes!! By this we mean the use of computer systems that determine, evaluate or optimize work processes mostly independently by making their own decisions. What about your work? To what extent are the work processes at !!your workplace!! automatized?

Label	Code	#	by wave

tf32319_g3 Partner: Highest educational qualification (years of education=f(CASMIN))

715 : 28216q

What is your partner's highest general school leaving qualification? «Only read out and assign specifications if necessary. If the Fachabitur is specified, please ask whether this was required for admission to a course of study at a university of applied sciences or at a university. If university of applied sciences, then assign to category 4, if university, assign to category 5. For degrees acquired abroad: What would this degree approximately correspond to in Germany?»

tf32320 Highest vocational qualification Partner (LAT)

715 : 28218q

What is your partner's highest vocational qualification? «By this we mean, for example, whether he has completed an apprenticeship or a master craftsman's certificate or a degree such as a diploma. Do not read out the options, assign specifications. If no qualification, but only an institution is named: ask for qualification. For qualifications obtained abroad, have them classified: What would have corresponded roughly to this qualification in Germany?»

th33313 Fertility: Desire to have children idealistic

715 : 29205

In the following, it is about your attitude and plans as to whether you would like to have children of your own or not - and if so, how many. By own children we mean biological children and adopted children. If you ignore all the obstacles for once: How many children would you like to have in total, in the ideal case?

Now it's all about how you get around in everyday life. In the following I will name different ways of moving and I would like you to tell me how often you usually use them in order to cover everyday distances. How often do you usually... ..use a bicycle or pedelec? «Please read out the options. Pedelects are bicycles with an auxiliary electric motor (which is only active during pedalling and up to 25 km/h), but without the obligation to have a registration number or to wear a helmet. Colloquially, they are often mistakenly equated with e-bikes; however, owners/users usually know the difference.»

t517400 Social belonging/social exclusion

715 : 32168

You may feel that you are part of society and that you belong to it or that you feel excluded. What about you? To what extent do you feel more like belonging or excluded? Please answer again on a scale from 0 to 10. ,0' means that you feel completely excluded from society, ,10' means that you feel completely belonging to it. You can gradate your answer with the numbers in between.

Now it is about what language you currently speak with others. What language do you speak with your friends in Germany? «Read out the options. Please select 'usually other language, but sometimes also German' (value 3) or 'only other language' (value 4) even if the respondent states that he/she speaks several non-German languages with the persons. If the respondent answers with 'equally often' here, please ask for the tendency. If no classification can be found, please select the button 'equally often German and other language'. If the respondent states that he/she has only girls or only boys as friends, he/she should refer to the corresponding group. The gender is not relevant.»

As well as state pensions, there are also private pensions or company pensions which are partially subsidized by the state. Are you receiving monthly allowances from one or more private or corporate pension funds? «In addition to private pension insurance, this also includes state-subsidized pension insurance such as the Riester pension or Rürup basic pension. It also includes, for example, the Federal and State Government Employees Retirement Fund, the supplementary pension scheme of the Federal Government and the States, and the company pension scheme provided by companies.»

Let's talk about partial retirement. Some people take partial retirement before retirement. What was your situation? Did you take partial retirement before your retirement? «Partial retirement is a way of preparing for the transition to retirement by reducing working hours or prematurely termination of working.»

th32216 Type of partial retirement

715 : 38123

You told us previously that you took partial retirement before your retirement. Which partial retirement model did you decide on: The part-time model or the block model? «Read out the options if necessary. In the part-time model, you halve your weekly working time until you retire. In the block model, you first continue to work as usual and then stop working prematurely.»

Label	Code	#	by wave

t31064a Idealistic aspiration further qualification

715 : 80032

So far we have talked about courses and training courses. But in order to advance professionally, you can also acquire a further school-leaving qualification or do a vocational qualification, for example, the school-leaving certificate of a Realschule, the Abitur, vocational training, the master craftsman/craftswoman training or a course of study. If it was up to you, regardless of your professional and private obligations: **Would you like to acquire an additional qualification in order to advance professionally?** «In case of questions: this also includes a school-leaving certificate of a Hauptschule, a technician training, attendance of a Fachschule, vocational school, university of applied sciences or a doctorate.»

ts23215 Employment in the 2nd job market

715 : 26119

Was this a one-euro job or an occasional job? «If anything is unclear: !!One-euro jobs or occasional jobs!! are jobs that are free of social insurance contributions with additional expenses compensation for the unemployed. The additional expense compensation is granted as a supplement to unemployment benefit II. However, this job does not create a regular employment relationship. There are different names for occasional jobs, e.g. also expenses-compensational occasional jobs, occasional jobs with additional expenses compensation, AGH-MAE, MAE jobs, additional jobs. If respondents name labor market measures (ABM), include them as occasional jobs. Since 1 April 2012, no new labor market measures have been funded and can no longer be included separately here.»

Label	Code	#
ABM job [labor market measure job]	1	692

t320705 Expectations Partner 1

438 : 28500a

I would now like to ask you two questions about the expectations your partner has of you. Please answer the questions to the best of your ability, even if you are not too sure about the answer. If your partner has no expectations, just say 'has no expectations'. 1. How important is it to your partner that you get ahead in your career? Does your partner consider it very important, rather important, partly important, rather unimportant or very unimportant?

Label	Code	#
very important	1	1971
rather important	2	3777
partly important	3	5068
rather unimportant	4	3790
very unimportant	5	971

ts25201 Unemployment was registered from the start

715 : 27110

Did you register yourself as unemployed or as seeking employment right at the starting of this unemployment, i.e. in <27107>?

Label	Code	#
yes	1	19964
no	2	4310
<i>Refused</i>	-97	19
<i>Don't know</i>	-98	168
<i>system missing value</i>	.	4740

ts25202 Receiving unemployment benefits or assistance at start

715 : 27111

Have you received unemployment benefits (including subsistence payments, unemployment benefits (stage I)), unemployment benefits (stage II) or no such support from the Federal Employment Agency at the very starting, that is in <27107>. «If ALG1 [unemployment benefit I] and ALG2 [unemployment benefit II] are paid, enter ALG1! The 'unemployment benefit in case of vocational further education' is assigned to the unemployment benefit/maintenance allowance! Instead of employment office, you can also use the names 'Agentur für Arbeit', 'ARGE' or 'job center'.»

Label	Code	#
Unemployment benefits (also maintenance allowance, unemployment benefits 1)	1	14153
Unemployment benefits 2 (e.g. Hartz IV)	2	1699
Unemployment assistance	3	844
no such support from the employment agency	4	4115
<i>Refused</i>	-97	4
<i>Don't know</i>	-98	338
<i>system missing value</i>	.	8048

ts25203 Registered unemployment at present/at end

715 : 27112

Are you currently registered as unemployed or looking for work?

Label	Code	#
yes	1	20603
no	2	8328
<i>Refused</i>	-97	25
<i>Don't know</i>	-98	245

ts25204 Receipt of unemployment benefits or support at the end

116 : 27113

Are you currently receiving unemployment benefits (also maintenance payment, Arbeitslosengeld 1), Arbeitslosengeld 2 (e.g. through Hartz IV) or no such support from the employment agency?

Label	Code	#
Unemployment benefits (also maintenance allowance, unemployment benefits 1)	1	11152
Unemployment benefits 2 (e.g. Hartz IV)	2	4953
Unemployment assistance	3	1035
no such support from the employment agency	4	5225
<i>Refused</i>	-97	6
<i>Don't know</i>	-98	308
<i>system missing value</i>	.	6522

ts25205 Number Job applications

715 : 27114

Please estimate, how often you have applied for a position during your period of unemployment from <27107> to <27108>? «Enter the number, have it estimated if necessary.»

t262969 Volunteering - Requirement Team spirit

438 : 80121

[NCS] What are the requirements in the following areas? Team spirit

Label	Code	#
very low	1	164
low	2	448
intermediate	3	2284
high	4	6322
very high	5	2489
<i>Don't know</i>	-98	10

t517393 Share women (Volunteering)

438 : 80122

How many of the persons you have contact with in this activity are women?

Label	Code	#
none	1	803
almost none	2	1007
less than half	3	1988
about half	4	3240
more than half	5	2243
almost all	6	1449
all	7	959
<i>Refused</i>	-97	1
<i>Don't know</i>	-98	27

t517394 Share persons with migrant background (Volunteering)

438 : 80123

How many of the persons you have contact with in this activity have a migrant background , i.e. they themselves or at least one parent were born abroad?

Label	Code	#
none	1	4518
almost none	2	3847
less than half	3	2166
about half	4	444
more than half	5	191
almost all	6	126
all	7	118
<i>Refused</i>	-97	2
<i>Don't know</i>	-98	305

t517395 Share persons from origin group (Volunteering)

438 : 80125

In an earlier interview you told us that you were born <landdPRE(LABEL)>. How many of the people you have contact with in this activity or their parents were also born <landdPRE(LABEL)>?

Label	Code	#
none	1	840
almost none	2	179
less than half	3	74
about half	4	23
more than half	5	24
almost all	6	15
all	7	23
Target person disagrees: given country does not apply « do not read out »	9	8
Target person disagrees: was born there but belongs to an ethnic minority « do not read out »	10	6
<i>Target person disagrees: given country does not apply</i>	-20	2
<i>Target person disagrees: was born there but belongs to a ethnic minority</i>	-21	1
<i>Refused</i>	-97	2
<i>Don't know</i>	-98	68
<i>system missing value</i>	.	10452
