1 Overview and Reading Aid

The documents in this section are based on the field versions but are extended by including the variable names and values. The variable names used in these generated documents of the CATI and CAPI questionnaires for adults can be found in the data files, as well. The field versions can be found in the corresponding column “Startkohorte 6: Erwachsene (SC6), Welle 7, Erhebungsinstrumente (Feldversion)” (only available in German). We recommend using the provided SUF versions over the field versions when working with the data. The material corresponds to Version 7.0.0 of the Scientific Use File (SUF) for the Starting Cohort 6 (SC6) (doi:10.5157/NEPS:SC6:7.0.0). Figure 1 describes the possible components of the documented survey.

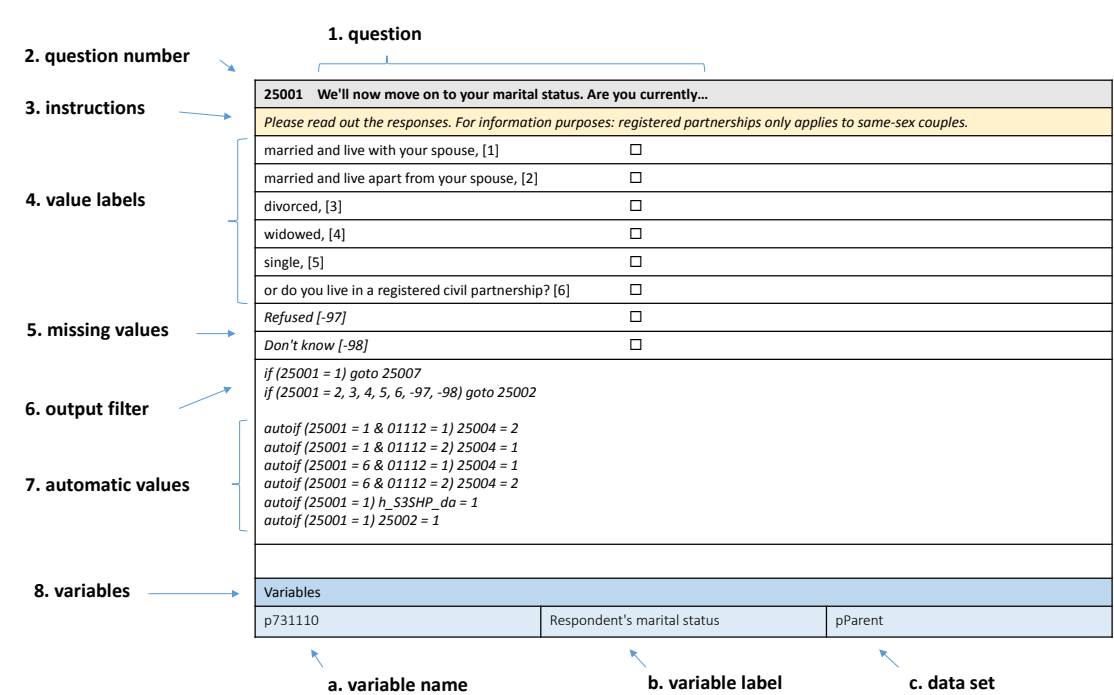

Figure 1: Reading aid for survey tools

If available, this information includes the following:

1. Questions (bold): Text, which is a) handed out in the form of PAPI or online surveys and b) read out during CATI or CAPI surveys by an interviewer (sometimes with variations depending on specific conditions).
2. Question numbers in the survey tool (bold)
3. Instructions (italic, shaded in yellow) are considered as a) guidelines for PAPI or online surveys and b) instructions for the interviewer for CATI or CAPI surveys, in order to ask the questions in a correct way and react appropriately to inquiries. These are not read out by the interviewer.
4. Values labels
5. Missing values (italic)

6. Output filters (*italic*)
7. Automatic values (*italic*): Under certain conditions, these are necessary, e.g. when coding auxiliary variables.
8. Variables
 - a) Variable name in SUF-data set (variable names indicated in brackets are not part of the SUF)
 - b) Variable label: This is a short form of the description of the item.
 - c) Data set, in which the variable(s) can be found.

Figure 2: Surveys of Starting Cohort 6 and IDs of the instruments

Figure 2 gives an overview of the questionnaires that were applied in the survey wave 7. The survey took place between August 2014 and March 2015 as computer assisted personal interview (CAPI) with competence tests or as computer assisted telephone interview (CATI).
