1 Preliminary Remarks & Reading Aid

In this codebook all 33 data files from the NEPS Scientific Use File of Starting Cohort 6 (Version 9.0.0, Onsite; doi:10.5157/NEPS:SC6:9.0.0) with a total of 2874 variables are documented. Each chapter starts with an overview of all variables in a file – in the order of their appearance in the file. The variable names are linked to the information on the respective variable.

This information – if available – is presented:

1. question (bold), partly with different wording alternatives with the corresponding conditions and clickable question numbers; closer definition of the question after delimiter ►
2. variable name (as in data file)
3. variable label from data file
4. reference to the questionnaire (as described in the data manual)
5. question number in instrument after a colon
6. interview instructions inside «...»
7. table with frequencies
 - a) column 1: value label
 - b) column 2: value
 - c) column 3: absolute frequencies (#)
 - d) column 4-...: absolute frequencies by wave (if possible)
 - e) missing values at the end of table and slanted

The length of the table has been technically limited; where required the number of removed lines is reported.

2. variable name 3. variable label 4. questionnaire 5. question number

1. question

6. interview instruction

b) values

a) value labels

d) absolute frequencies by wave

e) slanted: missing values c) absolute frequencies

Now let’s continue with the second exercise book. This exercise book is about numbers and calculus. People often deal with numbers in everyday life: For example to compare prices at the supermarket or reading statistics in journals. On the following pages, you will find different situations from everyday life on which the exercises are based. You have half an hour in total to work on all exercises. Please try to work on the exercises without interruption. I will read the instructions on page 3 to you so that you know how to work on the exercises. Please open the exercise book and read along. ««Take out the calculus exercise book, write person ID on cover page. Distribute exercise book and calculator. The instructions for calculus/mathematics and reading are identical, i.e. exercise formats and contents that are only included in the reading exercise book are also explained in the calculus exercise book. [T1106=2] Convince target person of the importance to work on the next exercise book nevertheless. Use, if necessary, the argument that it is something completely different. It is not about speed anymore, and also the topic is a different one: Numbers and calculus. »»

First, we would like to give you a few clues to fill out the exercise book. • Please read the texts or the exercises carefully and then answer the pertaining questions. You may always look up information in the text! • There are four types of questions. In the following you will see how you can answer these questions. 1. There are questions for which we give you several answer options out of which only one is correct. Please clearly tick the box next to the correct answer in case of these questions. Now please look at the respective example on page 3 (top). 2. In case of another question type, you need to decide for different statements whether each of them is true or false. Therefore, please tick in each line either «yes» (or «true» or «right») or «no» (or «false» or «not correct»). Now look at the respective example on page 3 (bottom). 3. For some questions, you should match different headlines with paragraphs or put results in the right order. Therefore, you need to put the right letters in the respective fields. Please have a look at the pertaining example on page 4 (top). 4. If there is a solution field, please insert your solution in it ! Now look at the respective example on page 4 (bottom). • If you wish to correct your solution at some point, clearly paint over the wrong cross or the wrong answer. Then, thick the correct solution anew and/or write a new result in the solution fields ! Please have a look at the respective example on page 5. • Please work on the texts and questions in the order given in the exercise book. • In case you are not able to answer a certain question, simply continue with the next question. If there is still time at the end, you can of course go back to the skipped questions. Some of the questions are rather easy and others rather difficult; hence, you will probably not be able to answer all questions. Please do not be confused, hardly anyone is able to answer all questions. It is important that you also try to answer difficult questions as well as possible. You may also use the calculator for the questions. Should you be ready prior to the end of the given time, you have the possibility to check your solutions once again. Then, please let me know that you have arrived at the STOP page (page 27). Do you have any further questions? ««Answer questions on instructions if needed. In case of questions on the calculator, please only show where certain keys are located, do not explain all functions. If the interviewee refuses to read the instructions carefully: Try to convince the target person. Only enter the code 2 if the target person categorically insists on it in spite of all your objections.»»

Now let’s talk about the second exercise book. This exercise book is about reading. In everyday life, there are many different occasions and opportunities to read, e.g. reading newspapers, journals, information brochures or websites. Everywhere people can inform themselves, learn interesting things or simply read for pleasure. On the following pages you find five different texts and questions about them. For all texts and questions, you have half an hour in total to work on them. Please try to work on the exercise book without interruption. I will read the instructions from page 3 to you so that you know how to answer the questions. Please open the exercise book and read along. «Take out reading exercise book, insert person ID on cover page. Distribute exercise book. [T1106=2] Convince the target person of the importance to work on this exercise book even if the fast reading exercise book has not been worked on. If needed, use the argument that it is something completely different: It is not about speed anymore but about comprehension of longer texts.»

First, we would like to give you a few clues to fill out the exercise book. • Please read the texts or the exercises carefully and then answer the pertaining questions. You may always look up information in the text! • There are four types of questions. In the following you will see how you can answer these questions. 1. There are questions for which we give you several answer options out of which only one is correct. Please clearly tick the box next to the correct answer in case of these questions. Now please look at the respective example on page 3 (top). 2. In case of another question type, you need to decide for different statements whether each of them is true or false. Therefore, please tick in each line either «yes» (or «true» or «right») or «no» (or «false» or «not correct»). Now look at the respective example on page 3 (bottom). 3. For some questions, you should match different headlines with paragraphs or put results in the right order. Therefore, you need to put the right letters in the respective fields. Please have a look at the pertaining example on page 4 (top). 4. If there is a solution field, please insert your solution in it ! Now look at the respective example on page 4 (bottom). • If you wish to correct your solution at some point, clearly paint over the wrong cross or the wrong answer. Then, thick the correct solution anew and/or write a new result in the solution fields ! Please have a look at the respective example on page 5. • Please work on the texts and questions in the order given in the exercise book. • In case you are not able to answer a certain question, simply continue with the next question. If there is still time at the end, you can of course go back to the skipped questions. Some of the questions are rather easy and others rather difficult; hence, you will probably not be able to answer all questions. Please do not be confused, hardly anyone is able to answer all questions. It is important that you also try to answer difficult questions as well as possible. You may also use the calculator for the questions. Should you be ready prior to the end of the given time, you have the possibility to check your solutions once again. Then, please let me know that you have arrived at the STOP page (page 31). Do you have any further questions? ««Answer questions on instructions if needed. If the interviewee refuses to read the instructions: Try to convince the target person. Only enter the code 2 if the target person categorically insists on it in spite of all your objections.»»

Now let’s continue with the last exercise book. This exercise book is about numbers and calculus. People often deal with numbers in everyday life: For example to compare prices at the supermarket or reading statistics in journals. On the following pages, you will find different situations from everyday life on which the exercises are based. You have half an hour in total to work on all exercises. Please try to work on the exercises without interruption. Please open the exercise book on page 3. As you can see, there are again the same types of exercises that you have already worked on just before. The general instructions are the same as we have explained them before in the reading exercise book. Again, some questions will be rather difficult and others rather easy and hardly anyone will be able to answer all questions. However, it is important that you also try to answer the difficult questions as well as possible. Do you have any further questions? «Take out booklet numeracy, insert person ID on cover page. Distribute exercise book and calculator. [T1202<->2] If needed, answer questions about the instructions. In case of questions about the calculator, please only show where certain keys are located; do not explain all functions. The instructions are identical for reading and calculus, i.e. in the calculus exercise book, only exercise formats and contents that are also included in the reading exercise book are explained. Hence, the instructions do not necessarily have to be repeated for the second exercise book. [T1202=2 OR T1203=2]: Convince the target person of the importance to work on this exercise book, even if the reading exercise book has not been worked with. If needed, use the argument that it is something completely different: It is not about comprehension of longer texts anymore but about numbers and calculus.»

Knowledge of scientific topics and of computer and internet applications is a particular focus of our study. We have all acquired it and also use it frequently, but to different degrees. In this context, we are particularly interested in how important this knowledge actually is for different life paths. Therefore, I would like to show you two exercise books. You are requested to use the books to complete exercises on the said topics.

We now come to the first exercise book. This book is on science. Scientific topics often crop up in everyday life: For example in matters relating to the environment, health or technology. Some questions will be quite difficult and some quite easy and hardly anyone will be able to answer all the questions. It is important however that you try to answer even the difficult questions to the best of your ability. In order to know how to work on the exercises, open the book on page 2.

system missing value	.	4002	0	4002	0	0

Now let’s talk about the first exercise book. As you know, sometimes we have to read very accurately and slowly, sometimes rather fast. Our first exercise book is about fast reading. If you normally wear glasses, you should also wear them now.

Label	Code	by wave				
		#	3	5	7	9
Continue with the next screen page	1	10565	7296	3269	0	0
Missing by design	-54	15682	0	0	9131	6551
system missing value	.	7041	70	6971	0	0

In this exercise book you find a series of phrases. The content of the phrases is not always correct. It is your task to indicate for each phrase whether it is correct or false by ticking boxes. You may find the phrases pretty easy, sometimes also funny. But please do not think too much about the content of the phrases. What matters during reading is rather speed and less knowledge. To explain you the task, let us look at the two examples on page 3 together. I will read the examples aloud, please read along silently. Please continue to page 3 now!

Label	Code	by wave				
		#	3	5	7	9

Example 1: There is no school during the Christmas vacation. You see two boxes behind the phrase. If a phrase is true, please tick the left box, if it is false, please tick the right box. Now what would you tick for this phrase? Example 2: Cats and mice are part of the family of fish. If you have ticked the false answer once, simply paint over the wrong cross clearly and then tick the correct solution again. The ticking does not have to look very beautiful but it should be done quickly. There are many such phrases on the next two pages. Please work through the phrases as explained just before. If you are done with one page, go directly to the next page. You have two minutes in total. Please read accurately and try to work on as many phrases as possible.

Now let’s talk about the second exercise book. This exercise book is about reading. In everyday life, there are many different occasions and opportunities to read, e.g. reading newspapers, journals, information brochures or websites. Everywhere people can inform themselves, learn interesting things or simply read for pleasure. On the following pages you find five different texts and questions about them. For all texts and questions, you have half an hour in total to work on them. Please try to work on the exercise book without interruption. I will read the instructions from page 2 to you so that you know how to answer the questions. Please open the exercise book and read along.

Label	Code	by wave

Missing by design	-54	15682	0	0	9131	6551
system missing value	.	12517	5546	6971	0	0

First, we would like to give you a few notes to fill out the exercise book. • Please read the texts or the exercises carefully and then answer the relevant questions. You may always look up information in the text! • There are three types of questions. In the following you will see how you can answer these questions. 1. There are questions for which we give you several answer options out of which only one is correct. Please clearly tick the box next to the correct answer in case of these questions. Now please look at the respective example on page 2 (top). 2. In case of another question type, you need to decide for different statements whether each of them is true or false. Therefore, please tick in each line either «yes» (or «true» or «right») or «no» (or «false» or «not correct»). Now look at the respective example on page 2 (bottom). 3. For some questions, you should allocate different headlines to paragraphs or put results in the right order. Therefore, you need to put the right letters in the respective fields. Please have a look at the pertaining example on page 3 (top). • If you wish to correct your solution at some point, clearly paint over the wrong cross or the wrong answer. Then, thick the correct solution anew and/or write a new result in the solution fields ! Please have a look at the respective example on page 3. • Please work on the texts and questions in the order given in the exercise book. • In case you are not able to answer a certain question, simply continue with the next question. If there is still time at the end, you can of course go back to the skipped questions. Some of the questions are rather easy and others rather difficult; hence, you will probably not be able to answer all questions. Please do not be confused, hardly anyone is able to answer all questions. It is important that you also try to answer difficult questions as well as possible. You have 28 minutes to work on the exercise book. Should you be ready prior to the end of the given time, you have the possibility to check your solutions once again. Then, please let me know that you have arrived at the STOP page (page 29). Do you have any further questions?

A special focus of our study is on abilities and skills, which we use daily even if we do so to varying degrees. What we are particularly interested in, is how important these skills really are for different ways of living. In the following, we want you to work on everyday mathematics and reading tasks on the computer. Some tasks are fairly difficult while others are fairly easy. Almost nobody manages to solve all tasks. It is, however, important that you try to answer even the difficult tasks as well as you can. You have approximately 60 minutes to work on the tasks.

I am about to give you the computer. Please follow the instructions on the screen. The program is going to lead you through the various tasks. First, you will see an instruction, which will give you an idea of how to work on the following tasks. First, you will have a maximum of 28 minutes for the everyday life mathematics tasks. Afterwards, you will have another 28 minutes to work on five short texts and the corresponding questions. Please note that in the reading tasks you may return to the respective text. You may use a pen and scrap paper for the mathematics tasks. Please return those after the mathematics section of the test. If you have further questions concerning the proceedings or technical problems, I am glad to help you. If you usually wear glasses for reading or require a hearing aid, you should use these now, too. If you want to get a glass of water or anything else, then please do so now. If there is nothing you require now, then we would like to start.

In order to keep the following interview sections as short as possible, we would like to incorporate data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency) in Nuremberg into the analysis of this questionnaire. This includes, for instance, information relating to previous employment relationships, phases of unemployment, participation in training measures during unemployment as well as company characteristics. I would ask you to give your official consent for the transfer and incorporation of this data into the interview data. If this information is evaluated, we guarantee that it is done so in strict compliance with all data protection regulations and that no information is passed on to third parties. Your consent is, of course, voluntary. You can withdraw this consent at any time by informing the contact person at infas. Do you consent to the transfer of data held by the 'Institut für Arbeitsmarkt- und Berufsforschung der Bundesagentur für Arbeit' (Institute for Employment Research of the Federal Employment Agency)?

You have just told us that you have started new activities since the last interview: Which of them would you consider as your main occupation. «[h_typ=2] Read instructions aloud. (Do not read aloud: The indicated value is the respective entry, the displayed text is the respective text entry from question 26109. Only the ET numbers and texts of episodes in which the h_episk has the value 1 are displayed. <26109> on entry 1. The number of the displayed texts and codes corresponds to the number of episodes with the value 1 in h_episk)»

th09241 Financial contributions last 12 months

53 : 32326

Many people give others gifts or money, or help others - for instance, their parents, children, grandchildren, relatives or friends. Have you, in the last twelve months, helped someone within or outside your household out by giving them money or gifts worth at least 250 euros? Please do not consider free food or accommodation here. ««This question refers to both cash contributions and the assumption of specific costs; e.g., for medical care, insurance, training, or down payments for property purchases, as well as donations. Loans and inheritance do not count here.»»

t31371a General attitude formal further education – necessity additional qualifications

151 : 80068

Up to now we have been discussing courses and training programs. However, in your working life you can also acquire a further educational or vocational qualification, e.g. leaving certificate of the Realschule, the Abitur, a vocational training certificate, foreman's examination or a higher education certificate. How strongly do you agree with the following statements on this subject? In your working life you should acquire extra qualifications.

t320705 Expectations Partner 1

309 : 28500a

I would now like to ask you two questions about the expectations your (male) partner has of you. Please answer the questions to the best of your ability, even if you are not too sure about the answer. If your partner has no expectations, just say 'has no expectations'.

1. How important is it to your partner that you get ahead in your career? Does your partner consider it very important, relatively important, neither important nor unimportant, relatively unimportant, or very unimportant?

Label	Code	#	by wave								
			1	2	3	4	5	6	7	8	9
very important	1	562	0	0	0	0	0	562	0	0	0
rather important	2	1391	0	0	0	0	0	1391	0	0	0
partly	3	2620	0	0	0	0	0	2620	0	0	0
rather unimportant	4	2627	0	0	0	0	0	2627	0	0	0
very unimportant	5	878	0	0	0	0	0	878	0	0	0
<i>Does not apply (e.g. early retirement, etc.)</i>	-20	480	0	0	0	0	0	480	0	0	0
<i>Has no expectation</i>	-21	273	0	0	0	0	0	273	0	0	0
<i>Missing by design</i>	-54	81225	6778	11649	9322	14112	11696	0	9770	9236	8662
<i>Refused</i>	-97	6	0	0	0	0	0	6	0	0	0
<i>Don't know</i>	-98	16	0	0	0	0	0	16	0	0	0
<i>system missing value</i>	.	1786	0	0	0	0	0	1786	0	0	0

t320706 Expectations Partner 2

309 : 28500b

2. And how important is it to your partner that you continually learn new things? (Does your partner consider it very important, rather important, so-so, rather unimportant, or very unimportant?)

Label	Code	#	by wave								
			1	2	3	4	5	6	7	8	9
very important	1	1133	0	0	0	0	0	1133	0	0	0

t320105 Friends: Expectations 1

309 : 32402a

I would now like to ask you two questions about the expectations your close friends have of you. Please answer the questions to the best of your ability, even if you are not too sure about the answer. If your close friends have no expectations, just say 'have no expectations'. How important is it to your close friends that you get ahead in your career? Do your close friends consider it very important, relatively important, neither important nor unimportant, relatively unimportant, or very unimportant?

Label	Code	#	by wave

t32600a Position generator: Nurse or male nurse

309 : 32430a

I am now going to read out various professions. For each profession, please tell me if you know a person in your social circle who is currently pursuing this profession in Germany. By social circle I mean e.g. your partner, your family or relatives, your friends, colleagues or other acquaintances. Do you know a nurse or male nurse in your social circle?

t515051 General willingness to take risks

390 : 20112

Below we would like to ask you to give your respective assessment with regard to your behavior in various areas of your life. How do you assess yourself: Are you !generally!! willing to take risks or do you try to avoid risks? Please answer on a scale from 0 to 10. '0' means that you are not willing to take risks, while a '10' means that you are very willing to take risks. You can indicate your assessment by choosing a number in between.

t31064a Idealistic aspiration for further qualifications

390 : 80032

So far we have talked about courses and training programs. To learn more about your job area, it is also possible to take a further school-leaving qualification or vocational qualification, for instance the leaving certificate of the Realschule, the Abitur, vocational training, master's / foreman's examination or to pursue higher education. If you could do what you liked, regardless of your job obligations and private commitments: Would you like to gain an extra school-leaving qualification so that you could learn more to do with your job?

t514001 Satisfaction with life

431

To start, I'd like to ask you a few questions about your current level of satisfaction with different aspects of your life. Please answer each question on a scale of 0 to 10. '0' means that you are 'completely unsatisfied', while a '10' means that you are 'completely satisfied.' You can indicate the degree of satisfaction by choosing a number between 0 and 10. How satisfied are you with your life, all in all?

Label	Code	#	by wave

tf11101 Intro schools 1

431 : 22105a

Since <20101P3(intmPRE / intjPRE)> have you attended a school leading to a general school-leaving qualification? By this we mean, for example, a leaving certificate of the Realschule or the Abitur. In this case we do **!!not!!** mean vocational schools which you have attended in the context of career preparations or vocational training which you have already mentioned.

t517400 Social belonging/social exclusion

431

It is possible to feel like taking part in social life and to belong or it is possible to feel rather excluded. How about you? To what extent do you feel rather belonging or rather excluded? Please answer on a scale from 0 to 10. '0' means that you feel completely excluded from social life. '10' means that you feel completely belonging. The numbers in between help you to grade your answer.

t320705 Expectations Partner 1

309 : 28500a

I would now like to ask you two questions about the expectations your (male) partner has of you. Please answer the questions to the best of your ability, even if you are not too sure about the answer. If your partner has no expectations, just say 'has no expectations'.
1. How important is it to your partner that you get ahead in your career? Does your partner consider it very important, relatively important, neither important nor unimportant, relatively unimportant, or very unimportant?

Label	Code	#
very important	1	2037
rather important	2	3945
partly	3	5270
rather unimportant	4	3927
very unimportant	5	1004
<i>Does not apply (e.g. early retirement, etc.)</i>	-20	621
<i>Has no expectation</i>	-21	415
<i>Missing by design</i>	-54	72577
<i>Refused</i>	-97	17
<i>Don't know</i>	-98	50
<i>system missing value</i>	.	2729

t320706 Expectations Partner 2

309 : 28500b

2. And how important is it to your partner that you continually learn new things? (Does your partner consider it very important, rather important, so-so, rather unimportant, or very unimportant?)

Label	Code	#
very important	1	3330
rather important	2	5548
partly	3	5096
rather unimportant	4	2282
very unimportant	5	425
<i>Does not apply (e.g. early retirement, etc.)</i>	-20	284
<i>has no expectation</i>	-21	222
<i>Missing by design</i>	-54	72576
<i>Refused</i>	-97	24
<i>Don't know</i>	-98	77
<i>system missing value</i>	.	2728

Now I would like to ask some questions about every place you have lived in since <21001P5(wgintmPRE / wgintjPRE)> . We are interested in !every place you have lived in! irrespective of whether you were officially registered. Please also mention all places in which you have lived to attend an apprenticeship or for professional reasons or for the purposes of military service, even though you may have been living with your family at the same time. In <21001P5 (wgintmPRE / wgintjPRE)> we noted that at this time you were living in <h_ortPRE>.
